Notes on the inflation, boom, or whatever you want to call it: . . . Augusta Masters' tournament gate at fancy prices grossed more than George S. May's Tam O'Shanter big gates at popular prices . . .

A reason for Yank pros not entering British open is British law limiting money that can be taken out of Britain . . . Byron Nelson plans to play in only 18 tournaments this year . . .

Close follower of the tournaments says strain of the tournament stars having to follow stock-market ticker as well as the scoreboard figures is nerve-racking . . . Well, why not? . . . More pros making \$50,000 and over yearly means more ambitious boys playing golf . . . Now if the PGA and manufacturers can figure out a way to give some sort of encouragement and financial aid to home club pros as has been given to tournament pros, maybe everybody will be rich . . . Maybe.
