DEDICATE MEMORIAL TO LOUIS FAHRENWALD, FIRST PRO KILLED IN WORLD WAR II.

Louis Fahrenwald, who had been assistant to George Diffenbaugh at Kenwood CC (Washington DC dist.) since 1938, enlisted in the Marines when World War II began. Lou was killed at Guadalcanal, Sept. 14, 1942 when the Marines fought their way ashore.

Diffenbaugh, Maury Fitzgerald, Washington golf writer; and members of Kenwood headed by William M. Briggs, chmn. of the club's golf committee, were active in placing a memorial to young Fahrenwald which was appropriately set near the first tee where Lou acted as starter in addition to handling his other duties.

On a stone base is a bronze plaque bearing the inscription:

In Memory of Louis Fahrenwald The First Professional Golfer Killed in World War II Died Gaudalcanal September 14, 1942.

ation. An applicant shall agree that its application is subject to approval or rejection at the discretion of the Executive Committee or of the Association.

Sec. 6. Dues, General:—Annual dues for both classes of membership shall be payable on January I. Dues shall not be pro-rated for any part of a year. However, dues for the current year shall be waived in the case of a new application effective after October 15 of such year provided that dues for the next year accompany the application.

**PASADENA MUNY RECORD**—New record was made in fiscal year ending Sept. 22, 1947 at Pasadena, Calif. Brookside park 18- and 9-hole courses. The two courses handled 169,033 players which was almost 15,000 more than previous year. The 18hole course had 96,883 rounds and the 9hole course 72,150 rounds. Total income last year was \$165,026.63 of which \$126,-417.95 was green fees. Largest other item of revenue was \$14,503 from rental of 250 Tag-a-long golf carts at 25 cents a round.

## Courses to be Lighted for Night Play

Springs Cotton Mills, Lancaster, S.C., is planning to light golf course being built adjacent to its Fort Mill plant. The company, which is headed by Col. Elliott Springs, who was a noted World War I ace and author prior to becoming a very successful industrialist, already has courses for its employees at Lancaster, Chester and Kershaw. It is planned to eventually light all these courses.

Col. Springs says lighting plans are subject to revision after experimental stage. He has in prospect lighting of greens and tees with baseball and tennis intensity. There will be no poles on the fairway lighting. Neon lights will be used for fairway lighting. Balls with luminous paint will be used so as to make it easy to locate balls in the rough. Experiments are being conducted on balls with metallic paint and a radar outfit which will locate such balls in the rough.
