

American Mat Issues Folder

A new 12-page folder, "A Mat for Every Purpose" has just been produced for the American Mat Corporation. It describes and illustrates mats of rubber, wood, composition and steel for commercial and industrial application for the promotion of sanitation, safety and comfort. A copy will be sent free by addressing requests to American Mat Corporation, 1802 Adams Street, Toledo 2, Ohio.

E Z T, New Automatic Tee

The Osage Mfg. Co., 60 East 42nd St., New York 17, N.Y., is marketing a new low cost automatic teeing device. Named the E Z T, the automatic machine has been designed to speed up business at driving ranges and afford easier driving instruction sessions for professionals. E Z T, with convenient foot pedal release, has been engineered with regard to strength and dependability. All parts are standardized with an eye towards easy maintenance and installation — adaptable to present tees. The unit is easily interchangeable for removal and storage.

New Portable CO₂ Sprayer

The portable CO₂ sprayer is an entirely new development in compression spraying, designed to eliminate hand pumping when spraying 2,4-D and other weed control chemicals, insecticides and DDT solutions. The outstanding new feature is a CO₂ gas cylinder mounted on the outside of a three gallon galvanized tank. The CO₂ stored up energy is released by a simple turn of a patented valve into the airtight tank. Spraying is immediate, continuous and uniform. A powerful, even spray to the last drop is possible without reduced pressure. The CO₂ cylinder contains enough gas to spray 15 gals. The cylinder may be inexpensively refilled at the nearest dealer or returned to the factory for 24 hour refill service. For additional information, refer to Sprayer No. 120-7, R. E. Chapin Mfg. Works, Batavia, N.Y.

Front Tractor Hitch for Mowers

A front hitch for 3 and 5 gang cutting units has been designed by the Coldwell-Philadelphia Lawn Mower Co., Inc., Newburgh, N.Y. to fit any type of tractor. The frame, constructed of angle iron with welded joints, is attached in front of the tractor, but is designed so that it has the effect of being pulled rather than pushed.

An additional feature is a hydraulic lift device which enables the operator to raise or lower the entire assembly automatically from his normal riding position. With cutting equipment raised entirely free of the ground, the tractor can be moved rapidly from one mowing job to another, across walks, etc.

Molded Grip Widely Accepted

All-weather Flexi-Grip and Golf Pride Grips manufactured by the Fawick Flexi-Grip Co., Akron, Ohio by a revolutionary development in golf grip production are being featured by many leading manufacturers and used by many of the top professionals according to sales reports. Molded directly to the shaft with end cap and grip as one unit, eliminating any type of wooden plug, the grips are vacuum designed in rubber and rubber and cork insuring a firm, non-slip grip in all kinds of weather and climate.
