NEWS from the MANUFACTURERS

BOB HAMILTON JOINS MACGREGOR

PGA 1944 champion Bob Hamilton has joined the MacGregor Pro Advisory and Technical staff, announces Henry Cowen, pres. MacGregor Golf Co. Hamilton, a Hoosier now playing from Prince George's G&CC, Landover, Md. since joining the professional ranks, has won besides the PGA the North & South Open twice, New Orleans Open, Charlotte Open and numerous other tournaments.

BEVERIDGE WOOD POPULAR

No. 5 wood made by Wm. N. Beveridge, 430 N. 99th St., Milwaukee, Wis., is selling in pro shops at satisfactory rate. Beveridge, one of the old masters of bench club-making, made the wood for men and women who can't play a crisp 2 or 2 iron. This No. 5 wood seems to do the job for them and provides another exclusive and helpful profit-maker in the pro shop.

EZEE FLOW SPEEDS UP TOPDRESSING

Pat McDonald, professional owner of Rob Roy GC, Mt. Prospect, Ill., uses Ezee Flow Spreader and Seeder to topdress greens on his course in minimum time. Loading shredded compost prepared by Royer machine into hopper before starting on each green, Pat is able to topdress a green in 15 minutes and can do nine greens in one morning. He has found by adjusting Ezee Flow he can get a uniform distribution of compost making it unnecessary to brush in topdressing. Top photo shows spreader being drawn by light tractor. Bottom picture shows hopper being filled from truck prior to start of operation on the Rob Roy course.

**JACOBSEN MFG. CO. NAMES NEW
DIRECTOR OF SALES**

Oscar T. Jacobsen, Pres. of the Jacobsen Mfg. Co., Racine, Wis., has announced the appointment of M. J. Walker as Director of Sales. This newly created position brings together under one head the sales and merchandising policies of the company and its subsidiaries, the Worthington Mower Co. of Stroudsburg, Pa., and the Johnson Lawn Mower Corp. of Ottumwa, Iowa. Mr. Walker has been singularly successful in getting widespread dealer distribution and brings to Jacobsen the benefit of his many years of experience in the lawn mower field.

NEW WEED AND BRUSH KILLER

The American Chemical Paint Co., Ambler, Pa., has brought out Weedone Brush-Killer 32, a new product containing 11 per cent 2, 4, 5-T and 23 per cent 2,4-D. Killing of over 85 varieties of woody plants is shown by experiments on more than 6000 acres under study. Weedone Brush-Killer 32 will mix with oil for low volume spraying, or will mix with water for commercial sprayers using high volume.

BOYLE WITH HAGEN

Bill Boyle, a 25-year veteran as a golf professional, has joined the sales staff of the Walter Hagen Division of the Wilson Sporting Goods Co. He will serve in the eastern half of Pennsylvania as well as in the Baltimore and Washington section. Boyle resigned from his professional post at the Beverly Hills GC in Philadelphia to take over his new job. Very active in PGA affairs, he has served as a member of the Board of Governors, chairman of the tournament committee, and secretary of the Philadelphia section of the PGA.

PETE ROBBINS JOINS FATHER ON MacGREGOR STAFF

MacGregor Golf Co. announced recently the appointment of Pete Robbins (right) to its Pro sales organization in an effort to better service the professionals in the Metropolitan New York, New Jersey and Connecticut areas. Pete will assist his father, Tom Robbins, dean of the MacGregor Sales organization shown here giving young Pete some of the fine points of golf club head construction. Pete served his golf apprenticeship at the MacGregor branch office in New York City following three years service in the Army Air Corps. It is believed that Tom and Pete form the only father and son combination in Pro golf today.

AID FOR LEFT ARM CONTROL

Strokontrol is a new reinforced bandage manufactured by the Elmaca Co., 62-64 Main St., Bradford, Pa., to aid individuals who have trouble in controlling the left arm. It is designed to improve control of the left arm from back swing to follow-through.

DESIGNED FOR WEED KILLERS

The F. E. Myers & Bro. Co., Ashland, Ohio, announce the production of two types of hand sprayers for applying 2,4-D and similar weed killers—the Kwikfill compressed air sprayer and the New Idea knapsack sprayer, both of which have been fitted with neoprene hose and special leather gaskets enabling the operator to use oil-base weed killers without damage to hose or leathers. The Kwikfill sprayer

is made of strong galvanized iron or brass and comes in 2½ or 4 gallon sizes. The New Idea knapsack sprayer, equipped with an all brass pump, can also be obtained in

either the galvanized iron or brass model and has a 4 gallon capacity. Sprayers may be used for general spraying after containing weed killers by following the individual chemical manufacturer's instructions for cleaning.

NOVAK VISITS SPALDING PLANT

PGA president, Joe Novak (right), professional at Bel-Air CC, Los Angeles, gets some pointers on the manufacture of golf club heads at the Spalding plant in Chicopee, Mass. from expert Percy Lock (center) who has been with A. G. Spalding & Bros. for over 25 years as Jim Long, ass't mgr. of the golf club dept. looks on.

EASTERN GOLF CO.

244 W. 42nd St., Dept. A., New York 18, N.Y.

Wilson's big bosses were out at Medinah seeing their boy Doc Middlecoff win the National Open. (L to R) are George Schnitzer, Pres. L. B. Icely, Chm. of the Board Thomas E. Wilson, Board member Edward Wilson, VPs Fred Bowman and Wm. F. King and Asst. to Pres. Wallie Robb. Kneeling are (L to R), Eric Monti and Vic Ghezzi who, with Schnitzer, are Wilson advisory staff members.

RAY ICELY, HABERMAN, NOW WILSON NY CHIEFS

Ray Icely, who started with Wilson Sporting Goods Co. in 1922, and H. A. Haberman who started with Wilson interests in 1915 and transferred to Wilson Sporting Goods Co. as NY office manager in 1927, have taken over supervision of Wilson Sporting Goods Co. New York office, following retirement of William J. Kiley to an advisory capacity. Kiley, vp of the company, came with Wilson in 1918 after 16 years' previous experience in the industry, and is one of the most widely known and warmly admired builders of the business.

PELLENT KEEPS BUGS FROM SCORING ON YOU

Pellent, a new product made by Andy Lotshaw Co., Chicago, repels mosquitos, chiggers, flies, gnats, ticks and other insects that spear and chaw on golfers. It also quickly stops itching and irritation of insect attacks if applied after the bugs get in the first lick. It's sold in tubes with a good profit for pros. With so many golfers now wearing shorts and the mosquitos and chiggers having field days even on those who are fully dressed Pellent is an item that should be a real service item in pro shop stock. Andy Lotshaw, the maker, is trainer for the Chicago Cubs baseball club and the Chicago Bears football club and compounder of a widely known and effective liniment. Pellent isn't sticky and

won't irritate sensitive skin or grease-up or damage apparel.

NEW TORO CATALOGS AVAILABLE

Two new Toro catalogs are available without charge to GOLFDOM readers. The 24-page Tractor and Mower catalog contains pictures of Toro tractors and gang mowers in action as well as complete specifications. The Toro Power Mower catalog contains 28 pages of pictures and descriptions of the complete Toro line of hand and power mowers. Two of these pages describe the rotary scythe, suction-lift mowers made by the Whirlwind Corporation, now a Toro subsidiary. Readers who would like to receive either or both these new Toro catalogs should write Toro Mfg. Corp., Minneapolis, Minn.

"SPIKE PROOF" FLOORING OK'ED BY GOLFERS, MGRS.

"Spike Proof" rubber flooring which received highly favorable comment when it first came to the attention of many golfers in the Hermitage CC clubhouse, Richmond, Va. during the PGA, is now available nationally. Henry Westall Co., 944 Merrimon St., Asheville, N. C., is exclusive national marketer. The material is built to withstand a normal 15 years locker-room traffic of spiked shoes. It requires no installation expense and will not buckle or crawl, expand or contract. It is soft, non-slip and fire-resistant. It is made in 1/2, 5/16 and 3/8 in. thicknesses, widths up to 4 ft. and lengths up to 28 ft. Colors are terra cotta, royal blue, black and forest green.

HAHN "FINEST LUGGAGE" TO PROS

Benno Hahn Co., 234 S. Wells St., Chicago, is presenting to pro shops luggage that generally is restricted in sale to leading luggage and department stores. The Hahn line includes zipper sport bags and every popular style of travel luggage in leather, plus light weight "Windsor Tweed" luggage for men and women. The firm has a long reputation for making most exacting choice of leather and manufacturing with the craftsmanship of veteran special-

ists. This type of luggage in pro shops for individual purchase or prizes gives the shop stock a "class" rating that members recognize as identifying retail outlets of highest quality golf accessories. Prices are distinctly moderate for this type of luggage.

GOLF BAG WITH LEGS

The Perma-Stand Co., 214 W. Pearl St., Union City, Ind., is manufacturing and distributing for the first time a golf bag with automatic legs which support the bag in a standing position when weight of bag is removed from carrying strap. The new bag is called "Perma-Stand" because the legs are a permanent attach-

JUSTICE PLUG EJECTOR

Individual units or complete "tee to green" systems. Precision made of brass, bronze and stainless steel parts to assure dependable performance for years. Write today for specifications. THE SKINNER IRRIGATION CO., 415 Canal St., TROY, OHIO.

"Pioneer and Leader in Irrigation for Nearly Half a Century"

ment controlled by specially designed springs for instant operation. A protected cable running through the center of the bag automatically holds legs in place against bag when carrying. "Perma-Stand" is a practical item for the golfer who carries his own bag. It eliminates the necessity of stooping for clubs and provides a convenient stand for easy accessibility of clubs at all times. "Perma-Stand" is made in four different models

for both men and women. Additional information may be obtained by writing directly to the company.

GOLF CLUB CLEANER

To serve the smaller Pro Shop with suitable equipment for cleaning golf clubs, The Standard Electrical Tool Co., 2524 River Road, Cincinnati 4, Ohio, has developed a new $\frac{1}{2}$ H.P. Buffer-Polisher, operating at 1750 R.P.M. for 8" diameter buffing or wire wheels. The motor is for operation on 110 volt, 60 cycle, single phase. The toggle switch is conveniently located in the base. Distance between wheels is 23". The machine illustrated is for bench mounting but is also available on a floor pedestal.

AMERICAN FORK AND HOE CHANGES NAME TO TRUE TEMPER CORP.

True Temper Corporation becomes new name of The American Fork and Hoe Co. by action taken by shareholders meeting at Cleveland, O., June 28th. The change in name was made effective July 1st.

Incorporated in 1902, the company's origin goes back to a waterpower-operated shop at Wallingford, Vt., where, in 1830,

HARDWOOD FLAG POLES

Made of the finest, kiln dried, second growth, tough White Ash. Lyman Batcheller and his sons made forks and hoes for farmers' use out of steel imported from England. This building is still standing and is known as The Old Stone Shop in Wallingford, Vt.

The company is a principal producer of eight major lines of hardware products. It is the world's largest maker of golf shafts and fishing rods. These products for many years have been marketed under the company's registered trade mark "True Temper" both in the U. S. and abroad.

"WATER MASHIE" IS LOW COST FAST SELLING PRO SHOP ITEM

A new golf ball retriever, "Water Mashie" is enjoying lively demand at pro shops. The new golf ball life saver is a 3 ft. hollow aluminum tube that weighs 7 ozs. that extends to 6 ft. with a retrieving range of 10 ft. Dip net is deep and secure. Complete information and pro discounts from the mfr: Norton Products Co., 1462 W. Richmond, Ft. Worth, Tex.

LITHOX RUBBER TILE RECOMMENDED

John M. Jones, Mgr., River Forest GC, Elmhurst, Ill., writes, "We are very pleased with our installation of Lithox Rubber Tile . . . after an exceptionally busy year and heavy spike traffic, I feel that we can recommend it very highly. We have the floor in our Bar and Grill Room completely covered with Lithox in the 30 x 30 tiles and are using the 9 x 9 tiles for the main aisle runners in the men's locker room. We are planning to install it on our front steps which are subject to spike traffic; and we also plan to completely cover the floor of the Pro Shop. During the past season it has been subjected to exceptionally heavy spike

traffic and shows little or no wear even in paths through the doorways." The Lithox Corp., Wapakoneta, Ohio, is the manufacturer. Specifications and prices may be obtained by writing directly to the company.

NEW WEED, BRUSH KILLERS

Newest in chemical weed and brush control is 2, 4, 5-T, reports the California Spray-Chemical Corp. It is the "isopropyl ester of 2, 4, 5-T trichlorophenoxyacetic acid." The corporation also announces it has weed Estericide-T 245, now available for use. It mixes readily with water or oils and can be used in combinations with 2, 4-D where desirable for extended coverage and utility. Estericide-T 245 is adaptable for economical airplane or helicopter application of extensive acreage.

JACOBSEN EQUIPS SALESMEN WITH JEEP STATION WAGONS

A fleet of eleven new Jeep station wagons recently put into service by the Jacobsen Mfg. Co. of Racine, Wis., gives customers and dealers a fast, complete sales service. The vehicles carry three power mowers, enabling factory representatives to give on-the-spot demonstrations. Closer dealer-factory relations is but one of many advantages gained by the use of this fleet. When necessary, representatives can make rush pickups and deliveries. They can keep each dealer abreast of latest factory developments by showing them new products, or help him close a sale by demonstrating the equipment on the prospect's own lawn. Jeeps are easily recognized by their bright, "Jacobsen Orange" hoods and panels, tan tops and cross strips.

NEW HILLSIDE GOLF CART

A golf cart made of heavy gauge aluminum tubing with adjustable handle that can be set to golfer's height which can carry either long or short bags with ease and can be folded away into car when not in use is being manufactured by the LaGrange Metal Products, 4125 W. Washington Blvd., Hillside, Ill.

LIQUID CLUB CLEANING MACHINE

A new machine pros will be interested in was exhibited in Tom Galloway's pro shop at Hermitage CC, Richmond, Va., during the PGA championship. It's the new Stan-Russ liquid club cleaning machine which impressed some of the boys because it eliminates dust and dirt in the shop and speeds up the job of cleaning. The machine has a one year guarantee. Brushes are non-abrasive being made of nylon. Liquid washing special cleaning fluid prevents rusting. Separate openings and brushes are provided for iron clubs and wood clubs. The Stan-Russ Co., P. O. Box 845, Albany, NY, is manufacturer.

TAYLOR MADE "GOLF PRACTICE"

Simply constructed with an actual golf ball at the end of a spring steel wire-arm which is fastened to an aluminum casting, "Golf Practice" can be easily set up in the golfer's backyard or at the clubhouse. In

the basement, garage or recreation room it is ideal for practice during bad weather and the long winter months. It enables the enthusiast to practice driving by the hour without the inconvenience of constantly setting up tees or chasing balls. The ball, when squarely hit, travels in a circle about two feet in diameter on a ball-bearing spindle. The "Golf Practice" is fully guaranteed . . . manufactured by Taylor Made Products, 2244 LaBelle Ave., Detroit 6, Michigan.
