BREARLEY'S CONGO MODEL 701

The Congo model 701 is a smart new creation that has lots of shading area on front and sides. The visor is extra-long, and extends as a brim three-quarters of the way around the crown to give much needed protection to the ears. It is made of poplin in natural and tan with a fully-shaped Texon visor. It is available in small and large sizes with shirred elastic back providing a size range to fit all heads. This Congo original is but one of many headlines in sunshine headwear styled by The Brearley Company, Rockford, Illinois.
