

LIQUA-VITA

12-8-4

The Complete Liquid Plant Food for Golf Greens

"... as a result of the use of Liqua-Vita on the 18th green at Wepawaug the turf appeared to be in much better condition, with a more luxuriant growth of grass, deeper color, and more desirable condition."

"To say the least, we are extremely satisfied with Liqua-Vita..."

John C. Schread,
The Connecticut Agric. Exp. Station
New Haven, Conn.

"This will be the third season when my so-called 'hot weather' fertilizer treatments will be made entirely with Liqua-Vita."

"The compatibility of Liqua-Vita with other material and the constant growth and color it maintains, guarantees its spot on my yearly budget."
