# Get those Weed ROOTS!

Go to the Root of Your Weed Problem  
with These Dolge Products

To keep weeds off drives, walks, parking lots, tennis courts, sand traps you've got to finish the roots.

DOLGE SS WEED-KILLER does that and more. It kills the foliage, of course. It works down deep. It tends to sterilize the soil so that wind-blown seeds cannot sprout in it. Diluted as directed, it can kill the toughest weeds. Spray or sprinkle where you want no growth whatsoever.

E.W.T. is the Dolge 2,4-D Selective Weed-Killer. It finishes dandelions, plantain and other broad-leaved weeds in turf—does not harm good lawn grasses. It translocates; is absorbed and travels through the sap to the roots.

# "MILORGANIZED" TURF GROWS BETTER LOOKS BETTER

Fairways, greens and tees fertilized consistently with MILORGANITE, the natural organic nitrogen plant food, are distinguished by rich, deep green color, uniform texture and a healthy, closely knit root system. "MILORGANIZED" turf resists disease and withstands many of the climatic rigors to which less sturdy turf succumbs.

These are reasons why Golf Clubs use more MILORGANITE than any other commercial fertilizer. Our Soil Testing Laboratory and Turf Service Bureau are available to you upon request.

Yes, two golfers may be the same height, but one will have a long waist, long arms and short legs. Another may have a short waist, short arms and long legs. Obviously the same suit of clothes or the same set of golf clubs would not fit both men.

That's the reason more and more golfers are turning to Kenneth Smith woods and irons. They're handmade to each player's natural swing and physical characteristics, scientifically balanced and identically swing balanced. No other clubs are so made and so balanced. Happy day it is for me, but one "he'll" always rue,  
His Golfercraft club hit the ball, good, and straight and true:  
It was headed straight for a hole-in-one,

The drinks he'd buy would make him miss his rent,  
How'd he explain to his wife where the money went?  
I've collected a ball, Golfercraft by name,  
That will go in my golf ball hall of fame.

Riggin, sr., pres., Mueller Brass Co., Port Huron, Mich., and a widely known senior golfer. The National Golf Fund, Inc., board includes others nationally known in golf and fully qualified to investigate and appraise causes for fund use.

Of the first year's National Golf Day receipts golf beneficiaries included all caddie scholarship funds, the PGA benevolent, relief and educational funds, a USGA Green Section turf research fellowship, Junior Chamber of Commerce national junior championship and the AWVS Swing Clubs at veterans hospitals.

Private, public and semi-public course golfers all are eligible to participate in the National Golf day competition. Last year many women played and some of them beat Hogan with their net par scores. This year it is expected that the women's entry will be very large although with National Golf Day being on a Saturday, the women's rounds at clubs probably will be played earlier in the week.

PGA sectional officials are now actively arranging the event.
