Central Plains Foundation Shows Value at Field Day

CENTRAL Plains Turf Foundation Field Day, Wichita, Ks., June 8, has a program which exhibits the remarkably valuable work the Foundation has done since its establishment in 1950.

Those at the field day will inspect the Wichita (Ks.) CC new course which was started about 4 years ago and has been in play for 2 seasons. Other places on the Field Day tour will be the University of Wichita Veterans' football field, Lawrence stadium (Wichita Parks' heavily used sports field), and the experimental nursery operated by the Board of Park Commissioners. These turfed establishments and many others in Kansas, Colorado, Nebraska, Missouri and other central states are collaborating to decided mutual profit with the Central Plains Turf Foundation.

An extensive demonstration of turf maintenance machinery also will be staged at the field day. Foundation pres. is Chester Mendenhall. W. E. Updegraff and Ross McCausland are co-chmn. of the Field Day committee.
