Golf Car Survey in New Caddy Committee Guide

Western Golf Assn., Golf, Ill., provides in its new Caddy Committee Guide and Electric Golf Car Survey, a combination of information that in itself more than justifies a club's dues in the WGA.

The Caddy Committee Guide is an extensive and enlarged revision of an earlier work on this subject done by the WGA, and fully warrants the statement of WGA Pres. James L. O'Keefe that this guide "if properly applied, will prove indispensable in improving the caddy program at your club."

The Electric Golf Car Survey, comprising the second half of the book, presents the results of considerable investigation by the WGA. Among the details of the golf car situation explored and reported are: ownership, use by physically handicapped, types of cars, control of cars, relationship with caddy situation, routing, speed of play, storage-maintenance charges, rentals, insurance, affect on golf course and statistics on golf car use by clubs in various sections of the country.

Fifth Annual Central Plains Field Day, Lincoln, June 14

Fifth annual Central Plains Turfgrass Field Day will be held June 14 at the Country Club of Lincoln, Neb.

The theme of the meeting is care of equipment. Experts in the care of 2- and 4-cycle air-cooled engines and in the care of heavy mowing equipment will put on demonstrations and lectures, and give the answers in a Q&A session.
