

GOLF SPIKE RESISTANT RUBBERLOCK

FLOORING

Mitchell engineers have developed an interlocking high surface-tension rubber flooring with soft inner body which springs to sharp pressures of golf spikes — recovers original shape without cutting or wear. To club owners and managers, Mitchell Golf Rubberlock offers freedom from floor worries in spite of spiking, scuffing, scraping, and twisting.

FIRST 10-YEAR-OLD INSTALLATIONS STILL IN USE!

From locker room to the bar, you'll find Golf Rubberlock is the most advanced flooring assuring maximum economy and permanence —

NO SPECIAL TOOLS OR MASTIC TO INSTALL
CONFORMS TO ANY SURFACE

Sullivan Added to National Foundation Field Staff

Paul J. Sullivan, of Houston, Tex., is taking over as Southern field rep for National Golf Foundation. Addition of Sullivan to the field staff and reassignment of personnel to new areas was brought about by resignation of Verne Wickham because of poor health. He had been with NGF for 3½ years as Western rep.

Sullivan, a resident of Houston for the last five years while a radar navigator-bombardier with the SAC, is a native of Boston. He received his education at Medford High and Boston College, where he majored in English. He was active in football, baseball and basketball in both high school and college, was a member of the dramatic society in college, as well as a contributor to Boston College's monthly literary magazine. He enlisted in the Air Force in 1951 as a cadet trainee. He left the service last January. Sullivan will make his headquarters in Houston.

Harold J. Murphy has been reassigned to cover NGF's Midwest area, operating out of Minneapolis. Bill Sherman becomes Western rep while Harry Eckhoff continues to cover the East.

Southeastern Recreation to Hold Golf Planning Meeting

Southeastern Recreation Assn. will hold its first golf planning and operating workshop Oct. 30-31 in Pensacola, Fla. Florida, Miss., Georgia, North and South Carolina, Alabama, Tenn., Louisiana and Arkansas municipal and semi-private mgrs. and administrators will discuss the public golf plant from the planning to the operating stages. Lecturers ranging in topics from course architecture to clubhouse management and course maintenance and the promotion of golf in the community also will be heard.

Program Poll

Club Managers Assoc. of America is collecting data from its members on what they consider to be the eight most important topics that should be discussed at the 1959 refresher seminar that is scheduled to be held in Houston, Feb. 18-22. Members are given a list of 19 topics from which to choose and may add others that they think are appropriate.
