New Dynamatic SWEET SHOTS by Worthington

Maximum distance — unfailing accuracy — because new Sweet Shots are made under the greatest precision controls ever achieved. The secret is Worthington's complete control of compression through new *dynamatic* winding. And every Sweet Shot is individually compression-tested to make sure it meets the compression level stamped on its sparkling white cover. Each new Sweet Shot is exactly like the last — precision-made to assure your golfers consistent performance *every time!*

Muny Course Survey

The American Recreation Society's golf committee, headed by Robert M. Shultz, Bridgeport, Conn., recreation supervisor, is making a nationwide survey of muny and tax supported courses. It includes course listings, number of holes, green fees, list of key personnel, number of rounds played in 1958, operating receipts and costs, concession information, number of employees and salaries. The survey will be accomplished in geographical sections, with the New England dossier already having been completed.

Copies of the New England survey can be obtained from the American Recreation Society, 1129 Vermont ave., N.W., Washington, D. C. or National Golf Foundation, 407 S. Dearborn st., Chicago 5.
