

The **MASTER** Automatic Ball Washer

**Designed for Golf
Driving Range Use**

A compact unit that will handle up to 10,000 balls per hour, to provide clean practice balls for your customers.

In use, balls are dumped on inspection tray, after soaking, and are fed into the inlet tube to the washer, where they are picked up by a stream of water and carried into contact with the revolving brush. Balls are discharged at the top and fed to a receiving basket for drying.

Sturdily constructed, the MASTER Ball Washer carries a full guarantee and is designed for a lifetime of service.

Erie (Pa.) Times-News which has been carrying the National Golf Foundation's illustrated Rules of Golf feature on its sports page got a break when a player at Lake Shore knocked a ball 8 inches from the pin with his tee shot on the 8th hole and playing companion's putt knocked the shot into the cup . . . Jack Polaney, Times-News sports columnist and Dick Stone, Erie Times sports columnist got into a lively debate about the rule that applies to the case.
