In recent years, play by women and children has increased to the extent that it has been necessary to make extensive additions to the clubhouse and lockerrooms.

### CDGA Campaigns for Uniform Tee Settings

In a recent bulletin, the Chicago Dist. Golf Assn. called attention to the lack of uniformity in tee settings at courses in its area. It was recommended that for everyday play settings be made in three different arrangements:  $\frac{1}{3}$  in front;  $\frac{1}{3}$  in the middle; and  $\frac{1}{3}$  at the back. It was suggested that for record purposes, tees be divided into A, B and C sections to correspond with front, middle and back locations.
