

**AS WIDE
AS HE
IS
TALL!**

The Mulch-Vac Sweeper removes and disposes of a 6-5' swath of leaves and grass in one swoop. The Mulch-Vac is as versatile as a basketball player and cleans a swath as wide as he is tall. Use Mulch-Vac for Spring clean-up... Summer grass clippings... and Fall leaf removal and disposal.

Mulch-Vac can play the pivot position on your clean-up team... and one man can operate it.

B-25 MULCH-VAC

Also: Snow Plows,

Spreaders, and Industrial Power Sweeper

A Reliable Source of Supply Since 1920

Woehrle: Don't Choke Up (Continued from page 26)

used to bring the practice tee back to normal.

If tournament sponsors are looking for suggestions to improve their operations, the most important idea I can offer is to provide more crossovers so that galleryites can move more freely from one area to another. These should be as close to the tees as possible. On par five holes it would be wise to install two crossovers. They should be distinctly marked and an effort should be made to inform the fans of their locations.

Advice to Supts.

As for supts. who aren't enthused about having a national tournament brought to their clubs, I say this: Don't worry about it. A tournament can be handled through routine preparation, especially if you get a break in the weather. In the two weeks preceding the tournament there may be numerous small details that have to be cleared, but you're undoubtedly used to such things. During the tournament itself, you're caught up by the fever and excitement of the event and momentum kind of carries you through, even though you may put in two or three 20-hour days. When it's all over, you're happy to know that you can handle a project as big and important as one of the year's outstanding tournaments.

Also, don't overlook the press and TV and radio men. On the morning the tournament started, I went into the press tent and described the condition of the course and explained how the heavy rains of the previous week had undone some of our preparations for the tournament. Everyone was sympathetic and I'm happy to report that, as far as I know, not a single derogatory word was written or spoken about the course's condition. Incidentally, I also spelled out my name for the writers and sportscasters just in case they wanted to mention it. I think we all agree that a little personal publicity doesn't hurt any of us.

Illinois Field Day

The Illinois turf field day will be held Sept. 16 at Urbana. The morning session will be held at the University's horticulture farm on S. Lincoln ave., and the afternoon portion is scheduled for the University's turf research area on the 18-hole course in Savoy.
