TURF HERBICIDES

FISONS MCPP SELECTIVE WEED KILLER

A potassium salt formulation containing 2½ lbs. of MCPP per gallon. Made available through Fisons research in England. Developed especially for use on fine turf grasses where control of chickweed (common and mouse-ear), clover, and knotweed has heretofore been difficult to accomplish without injury to bent grasses, bluegrass, and fescues. Because of its safety features, it is slow-acting; full effects from treatments are not visible for about three weeks.

Also available — FISONS DSMA 100 AMA for crabgrass control as well as FISONS DSMA 100 for control of Dallis grass.

TURF FUNGICIDES

FISONS DAP-CAL

60% Mercurous Chloride, 30% Mercuric Chloride. Suspension type fungicide based on combination of mercury chlorides for positive long-lasting control of Large Brown Patch, Dollar Spot, Snow Mold.

75% Thiram

FISONS TURF-TOX

Wettable powder 75% Thiram, a proven fungicide for the prevention and control of Brown Patch, Dollar Spot, Snow Mold, Fisons TURF-TOX may be safely mixed with mercury to your own specifications. Apply to prevent disease or to control it after it occurs.

Thiram with Mercury

FISONS TURF-TOX MC

One convenient wettable powder formulation that eliminates the need for on-the-spot mixing. Fisons TURF-TOX MC combines the widely used turf fungicides, Thiram, Mercurous Chloride and Mercuric Chloride, for the prevention and control of Dollar Spot, Brown Patch, Copper Spot, and Snow Mold.

Also available — FISONS 10% PHENYL MERCURY ACETATE. Effective for control of Bluegrass Blight, Curvularia Blight, Copper Spot, Dollar Spot, Pink Patch, Snow Mold.

TURF FERTILIZERS

FISONS XL TURF FERTILIZER 28-7-14

A concentrated water soluble fertilizer in the popular 4-1-2 ratio suitable for use on greens and fairways. XL Turf Fertilizer provides a better control of growth, texture and color by going to work instantly, feeding through blades and roots.

Also available — XL LIQUID FERTILIZER, 15-10-5, and STOP-WILT, an emulsifiable vinyl compound in concentrated form for preventing moisture loss.

Springfield, New Jersey

Here's a first tee scene at Broodmoor GC in Colorado Springs during the playing of the NCAA in mid-June. Terry Small, San Jose State, won tournament by beating Jim Colbert, Kansas State, 2 and 1, in the final. Houston University won team title for the seventh time in nine years. NCAA got poor publicity play because it was staged the same week as the Open.

just about attained its saturation point so far as public golf courses are concerned . . . In the past couple of years bowling alley and swimming pool business has leveled off to the point where one must think hard before embarking on a career of becoming a proprietor of a new bowling establishment or the owner of a swimming pool club in Berks County."

Another warning to be heeded came indirectly from the annual meeting of the American Machine & Foundry Co. . . . Its 1963 net income was reported as being reduced to \$9,510,102 after \$9.5 million had been set aside for potential losses on the bowling business . . . And, Brunswick Corp., at its annual meeting, reported a \$15,000,000 "special provision on accounts receivable." . . . Both companies had operating profits in 1963 but writing off losses on the bowling "boom" hurt . . . And Brunswick and AMF are run by shrewd businessmen who got pushed toward the brink by a boom stampede . . . From their experiences in the bowling boom, the golf business ought to learn a lesson.

Stan Wood, who pens fine articles for Golfing and coaches the University of Southern California golf team, had the kind of season that makes the alumni
