

view GC, Vandoff, Ont., spoke on the economy aspect ever present in the superintendent's planning and told of his money-saving on a tree care program, on foresight in scheduling use of equipment and use of growth inhibitors on the rough. He said he tries more to save on the small regular jobs than on the once-in-a-while jobs.

Fred Grau, veteran of countless turf conferences and valued advisor to hundreds of superintendents, wrapped up the conference with a summation in

Use CLARO Non-Slip

Edward (Ted) Roberts, superintendent, Fairmount CC, Chatham, N. J., was elected president of the Golf Course Superintendents Association at its 37th annual conference, held at Kansas City, Feb. 13-18. Roberts attended Pennsylvania State University agronomy school. He succeeded his father at North Hills CC, in suburban Philadelphia, in 1951. In 1954 he became superintendent, DuPont CC Louviers course and in 1961 moved to Fairmount. Walter R. Boyesen, Sequoah CC, Oakland, Calif., was elected vice pres.

Newly elected directors: John J. Spodnik, Westfield CC, LeRoy, Ohio; Norman W. Kramer, Point o' Woods CC, Benton Harbor, Mich.; Richard C. Blake, Mt. Pleasant CC, Boylston, Mass.

Hold-over directors: James W. Brandt, Danville (Ill.) CC; B. Tom Leonard, River Oaks CC, Houston, Tex.; Richard A. McLaughlin, Radrick Farms GC, University of Michigan, Ann Arbor.

which he put across the main idea that all the technicalities that had been heard during the conference had to be converted into terms of people as golf is a game for people, not a game for grass.

Turf Care Handbook

A new 24-page turf care handbook is available from the Ryan Equipment Company, 2055 White Bear Ave., St. Paul, Minn. 55109. It also describes in detail the complete 1966 Ryan line.
