

LITERATURE

"The New 1969 Golfer's Almanac" by Charlie Bartlett, edited by Michael Bartlett, Bantam Books, is the book that the late Charlie Bartlett, brilliant and beloved golf writer, had been planning and working on for years. Any golfer, amateur or pro, who can read books without a lot of pictures and who wants to know what the score is for golf up through 1968 will like this book.

Bartlett was the secretary-treasurer of the Golf Writers Assn. of America since its establishment, and was a good reason why the writers won the respect of players and promoters of tournaments, pro and amateur. He reflected brightly the character of golf writers which has made them the sports writers most intimately and trustingly associated with their readers. For many years Bartlett was golf writer for the Chicago Tribune under sports editors who directed and supported him into becoming the world's most active and best informed golf writer.

This Bartlett book, which will become an annual, has a round-up of main pro and amateur events of the previous year, records of major tournaments back further than any locker-room argument goes, some of the most informative interviews that ever let golfers know what's been going on, features about distinctive golf courses and golf architecture, women's aspects of golf, the greatest calendar-almanac of golf history ever published, classics of golf writing, selections from the printed lessons of Tommy Armour, king of the instructors; and other contemporaneous and reference material of lively interest.

Mike Bartlett did a swell job in packing together this entertaining collection of his father's material.

NEW for '69 the ELECTRIC CADDY®

Combining the
BEST of the old
with the
BEST of the new.

HERE'S WHAT'S OLD.

★ **SUPER EFFICIENT TRANSMISSION**
Delivers the maximum net power from batteries to wheels. This car can make 72 holes or more on one charge. Battery life greatly exceeds national averages.

NOW, WHAT'S NEW FOR '69.

★ **SUSPENSION SYSTEM**
It is all new with coil springs and shocks. This car rides low and safe, with controlled softness.

★ **BODY**
Good looking lines with low profile; entirely functional with vertical bag racks. The body has a tilting feature for quick and easy maintenance access.

★ **SEATS**
Vastly improved inner-spring seats are available in a striking variety of colors. Outstanding legroom means free movement for both driver and passengers.

★ **BRAKES**
Service brake is disc-type, with 100% torque for greater stopping power. The parking brake is fully automatic and releases when throttle pedal is depressed.

- Commercial models for all applications.
- Fleet lease purchase plans.
- Fleet financing plans.
- Accessories available include special upholstery and canopy colors, windshields, lights, horns and multi-passenger options.
- We Trade, and we have the largest selection of good, used and reconditioned vehicles in the southwest.

★ **SIMPLE DESIGN**®
The ELECTRIC CADDY is not complicated by solenoids, electronics, gimmicks or gadgets. One man can keep the fleet running easily. Parts inventory is both smaller and less costly.

★ **FRONT FORK**
On the 3-wheel models the new front fork provides outstanding riding comfort. This fork is really tough with compression type springs.

★ **FRONT SUSPENSION**
The 4-wheel model features dual semi-elliptical springs and shock absorbers. It rides beautifully and turns on a dime. The stability of the 4-wheel is beyond question.

★ **WHEELBASE**
All models for '69 feature a 3-inch longer wheelbase with the same, compact overall length. As in a fine car, this added wheelbase delivers a smoother, safer ride on any terrain.
