

GOLFDOM

INCORPORATING GOLF BUSINESS

VOL. 43 No. 10

OCTOBER / NOVEMBER, 1969

ARTICLES

- 22 **PGA Rumlblings.....***The Editors*
- 46 **BUDGETS 1970: The High Cost of Operating.....** *Joe Doan*
Just how hard has inflation hit country clubs? Although the cost-price line was held better in 1969 than in 1968, over the last four years grounds and greens labor costs in the Chicago area soared anywhere from 9 to 22 per cent, and there is no leveling-off in sight
- 52 **BUDGETS 1970: How the Government Can Upset Your Plans.....** *Ken Emerson*
Trying to second-guess the Government will add to the frustrations of budget preparation this year. The impending Federal Minimum Wage and Tax Reform bills and increased state taxes could markedly affect clubs' finances. But predictions of the outcome are almost impossible
- 58 **Backfire from the Golf Boom—Lawsuits (Part Two).....** *John F. Gleason Jr.*
Today's final settlements awarded in liability cases also are caught up in the inflationary trend. In the second of this two-part article, the author tells how a country club should insure itself against hefty lawsuits
- 64 **Confessions of a Pro.....** *Anonymous*
The third article in the "Confessions" series takes a long, backward look at the pro business and asks the questions, what is success?
- 66 **Top Pros and The Products They Endorse.....** *The Editors*
- 68 **Paving the Way for the Golf Car Bonanza**
Now that golf cars are here to stay—and increasing in numbers—some country clubs have found that their present car paths are inadequate and have begun to replace them with elaborate concrete path systems
- 72 **The Indian Summer of Manuel Francis.....** *Tom Fitzgerald*
Manuel Francis, a retired superintendent and a gifted turfgrass developer, now' is busier than ever with his work on a dwarf bluegrass and a new strain of Vesper Velvet
- 77 **Clean Up with Industrial Chemicals.....** *John L. Kolb*
These hard-working compounds can be big time and labor savers whenever a club is confronted with tough cleaning, sanitizing and pest control problems. They are effective and safe
