tically eliminates disturbance when converting from manual to automatic. J-M pipe also on display.

Liqui-Trol Systems, Inc., specializes in water pressure booster systems for golf courses.

Moody Sprinkler Company Inc.,

1973 marks the golden anniversary of Moody's development of automatic sprinkler and valves. The first controller made will be shown along with new models of advanced central programmers.

L.R. Nelson Mfg. Company, Inc., will show a full line of sprinkler irrigation equipment.

Rain Bird Sprinkler Mfg. Corp. introduces its *Multi-Path Irrigation System*. Operates from central location, has modular, printed circuit

controls, is flexible and totally automatic.

Rain-O-Mat Sprinklers, Inc., features *Number 10H* part circle rotary pop-up sprinkler for use at up to 60 feet triangular spacing. *Number 21* long-range pop-up rotary sprinkler and *Number 7* screw-adjustable rotary pop-up sprinkler.

Skinner Irrigation Company offers a complete line of irrigation equipment featuring an upgraded version of the *UR-6* fairway sprinkler along with the new compact *UR-8* tee and green sprinkler.

Sprinkler Irrigation Supply Company distributes golf course irrigation equipment.

Telsco Industries will show sprinkler heads, electric control valves and automatic controllers.

Thompson Mfg. makes gear-driven sprinkler heads.

Weather-matic Div., Telsco Industries, will be showing the new *K Series* impact sprinkler heads, which feature aluminum alloy vinyl coated body, available in full or part circles. Also showing the *Command Satellite* control system.

White Turf Engineers, Inc., distributes and installs irrigation equipment. Will show products manufactured by **Weather-matic**, **Rain Bird**, **Sloan**, **Smith-Blair**, **King Bros.** and **Ametec**.

NEW, IMPROVED EASY RIDER II TRAP RAKE

Smithco has taken the world's fastest and most maneuverable trap rake, made it smoother, quieter, and improved its finger-raking action to give you the most finished-looking trap. Added is a new, protective shield which keeps sand and dust from the engine, transmission, air filter, and a redesigned front end which allows for even greater maneuverability in small traps. When you want to do the fastest and best job in your traps, check Smithco's new synco-mesh **EASY RIDER II**.

MAINTENANCE EQUIPMENT

Atwater Strong Company, Inc., introduces *M1-T-VAC* vacuum loader attachments for riding tractors and mowers. Also the *Lo-Blo Air-Broom* and the *Lit-R-Blo* sweepers.

John Bean Div., FMC Corp., is showing three models of sprayer units. *Model 1010-GE* features 10 gpm at 500 psi. Has 100 gallon stainless steel tank, boom mountings for Cushman and most other carts, mechanical agitation with 6½ hp Kohler engine; *Model MF-100G* features pto driven John Bean centrifugal pump. Up to 38 gpm
