A PROPOSITION FOR GOLF COURSE ARCHITECTS

We'd like to prove what we consider a fact: That a Royer "362" Shredder-Mixer is the most productive, most efficient equipment available for preparing top-quality, on-site soil mixes. Here's our proposal. We'll demonstrate a Royer by either (1) bringing a Royer to you, or (2) taking you to a Royer. Either way, there's no obligation. Phone Charlie Otto at 717-287-9624. He'll make the arrangements. **Royer Foundry & Machine Co., 172 Pringle St., Kingstown, Pa. 18704.**

OUTDOOR WATER COOLING

for golf courses, tennis courts,
recreation areas.

AQUAMASTER

Electric water cooler.

The only one that operates over one mile (2000 yards) on underground 115 V AC power. No high lines mar the beauty of the course. Uses existing 115 V power on course (Club House, Maintenance Building, Irrigation System). New patented hi-capacity cold drinking water system for foursome after foursome.

SAFARI Gas-Fired Water Coolers.
(No electricity required)
Cold water where you want it. Costs less than 10¢ a day to operate.
