# “AIR POLLUTION ATTACKS US ALL”

Air Pollution attacks the weakest of us first. The young, the old, the sick. It also kills our flowers, trees, crops. And eats our artworks, books, and monuments. We all share the same air. So in the end, it attacks us all. Your Lung Association fights for clean air. It has free information about how you can help. Write them for it. They care about every breath you take. They really do.
