AMF Harley-Davidson introduces a new lightweight, electric golf car: Master Glide IV. It offers increased battery life by virtue of a two-circuit system that switches from series to parallel operation at low speeds. **Circle 115 on card**

Cushman's three- or four-wheel Turf-Truckster vehicle is the heart of a complete turf care system. Equipment available includes an aerator, spikers, short box and flatbed/box, sprayer, spreader/seeder, top dresser, and Quick Aerator. **Circle 133 on card**

Davis 500 Light electric golf cars weigh less than competitive cars. That plus an efficient drive train can save you money and save wear and tear on your course. **Circle 128 on card**

A complete line of professional aerifiers from **Hahn** includes 2-, 4-, and 6-foot models. Optional spoons and blades are available for double utility. **Circle 111 on card**

Features of Emerald bentgrass, available from **International Seeds, Inc.** include: exceptional uniformity, excellent vigor, disease resistance, and competitive pricing. **Circle 107 on card**

Derby turf-type perennial ryegrass received the highest evaluation score for the second year in a row at the Mississippi State Trials. It's a product of **International Seeds, Inc.** **Circle 106 on card**

The Lestronic battery charger extends battery life

and reduces maintenance. **Lester Electrical** makes it for golf cars. **Circle 116 on card**

Oregon ryegrass will green up your greens and tees in winter and will make your fairways lush and green. The **Oregon Ryegrass Commission** tells how to do it with winter overseeding. **Circle 110 on card**

Rain Bird introduces Maxi: an irrigation controller which utilizes a microprocessor to handle up to 99 separate programs. **Circle 114 on card**

Rodale Resources offers a free guidebook on improving pond and lake water quality without chemicals. It's done with Otterbine aerators and floating fountains. **Circle 125 on card**

Greensaire II from **Ryan Turf-Care Equipment** removes aeration cores up to 3 inches deep and it makes 36 holes per square foot. Holes are so precise they won't affect the roll of a golf ball. **Circle 131 on card**

Vertical racks from **A. G. Stafford Co.** store golf bags neatly and safely. **Circle 130 on card**

Standard features on gas golf cars from **Yamaha Motor Corp.** include spacious, contoured seats with poured foam construction. Also, chrome hand rails designed for maximum safety, and a stand-up bag holder which securely retains Sunday bags as well as regulation bags. **Circle 104 on card**

If your company is selling a service to the golf course market you can now get your company name and service in front of your total golf market potential for less than \$19.00 per month.

Send check or money order to Dorothy Lowe, Golf Business Directory Section, 9800 Detroit Ave., Cleveland, Ohio 44102.

One column inch ads monthly (12 issues) for one year, \$225.00; two inch ads monthly for one year, \$375.00.

FEBRUARY

Irrigation modernization
Grass and weed trimmers

MARCH

Verticutting
Golf car batteries

APRIL

Hiring seasonal help
Repairing ball marks on greens

The Lestronic charger... extends battery life and reduces maintenance.

The Lestronic charger totally eliminates over and undercharging on any battery, regardless of age, temperature, or condition. This "fool proof" charger will extend battery life and reduce required maintenance with precise charging every time.

The Lestronic
knows when to quit.

There's no trickle charge to burn your batteries. The patented Compu-Time I timer totally shuts off when the battery is fully charged. Left connected, the Lestronic will keep batteries charged indefinitely since the Compu-Time I timer will automatically turn on every 2½ days.

**"The charger
with a brain."**

**Lester
Electrical**
