

# You may retire before our mower does.

That's the way we build the Ryan Commercial Mower: to last.

We use a rugged, 2-cycle engine with electronic ignition and a quick-response governor that keeps the power coming even in tall or thick grass. (Because it's a 2-cycle, you get constant engine lubrication without the danger of oil starvation when mowing on slopes.)

We put that engine on a 12-gauge steel housing and surround it with a tubular steel frame, to protect it while mowing under shrubs or bushes.

We give it Ryan's modular parts replacement system. So if a breakdown does occur, you can have the Commercial Mower back on your course quickly.

But we also make it easy to use. With a 1.25-gallon fuel tank for longer running, five adjustable cutting heights, a two-speed throttle and fold-down handle for storage or transportation.

Together, these features make the Commercial Mower the right tool for professional turf maintenance. Ask your Ryan dealer today about the Ryan Commercial Mower. The one machine that may outlast even the most dependable worker on your course: you.

## Commercial Mower.

Easy to use,  
built to last.

## Managers, Instructors, Librarians

# Finally, An Aid For Teaching Turfgrass

Purdue University's turf experts, Dr. William H. Daniel and Dr. Ray P. Freeborg, have coauthored a comprehensive, organized approach to learning turfgrass science and care. Based upon years of teaching experience at Purdue, Drs. Daniel and Freeborg cover management of all major turf uses today.

The book, a valuable reference, includes specifications for planting, fertilizing, regulating growth, mowing, and other maintenance practices.

Whether for quick reference or as a basis for all turf knowledge, the book will be among books by Couch and Beard on the reference shelf. The book is 420 pages and contains 16 pages of color illustrations.
