

Dave and John head out for their usual 9 holes. "Hey," says Dave, "Let's say we make this interesting and spot \$5 on the lowest score for the day." John agrees and they enjoy a great game. After the 8th hole John is ahead by a stroke, but cuts his ball into the rough on the 9th. "Help me find my ball – you look over there," he says to Dave. After five minutes, neither has had any luck, and since a lost ball carries a four-point penalty, John surreptitiously pulls a ball from his pocket and tosses it to the ground. "I've found my ball!" he announces triumphantly. Dave looks at him forlornly. "After all the years we've been friends, you'd cheat me at golf for a measly five bucks?!" "What do you mean cheat? I found my ball sitting right here!" "And a liar, too!" Dave says with amazement. "I'll have you know I've been standing on your ball for the last five minutes!"

The Evergreen Foundation

Bringing professionals and volunteers together to create green spaces that improve our lives

It's a proven fact:

Green spaces such as public greenways and trails:

- Act as filters to cleanse the air of pollutants
- Act as sound buffers
- Have a calming effect on mind and body
- Are places for recreation as well as enjoyment
- Provide habitat for wildlife that would otherwise be driven away

The Evergreen Foundation is unique among existing organizations working to create new greenways. We harness the skills and resources of professionals in the Green Industry, including manufacturers, and couple them with dedicated volunteers from local communities.

WE INVITE YOU TO JOIN US
