

The Company Line

PRODUCTS & SERVICES

◀ Aerator

Otterbine introduces the Aqua Series Fractional Aerator: a cost-effective and energy-efficient one-fourth horsepower and one-half horsepower aerator. Each unit comes with two spray patterns, the Aqua Gem and Aqua Blast, and a two-year warranty. The Aqua Series primary feature is an air-cooled motor, which limits the hydraulic loss associated with water and oil-lubricated motors.

For more information, contact www.otterbine.com.

▶ Ball washers

Standard Golf Co. introduces its Premier and Medalist Ball Washers, designed with sharp looks, an easy-to-use agitator, and a cast aluminum case and top for durability. The two washers are part of the company's Tradition Series Ball Washers.

The larger of the two,

the Premier Ball Washer features a spiral plunger for quick ball washing and can hold seven pints of washer fluid. The Premier's internal overflow and large drain plug are designed to make maintenance easier. For more information, contact 866-743-9773 or www.standardgolf.com.

Bayer announces winner

Shane Wright, superintendent at BallenIsles Country Club in Palm Beach Garden, Fla., is the winner of the Revolver Sweepstakes sponsored by **Bayer Environmental Science**. Selected in a random drawing, Wright received 200,000 Accolades points to use toward a selection of rewards prizes. "I'm thinking of purchasing a laptop computer with my

points." The Revolver Sweepstakes was open to Southern superintendents who purchased Revolver herbicide, which removes cool-season grasses from warm-season grasses.

Turf covers

GreenJacket offers its Winter Turf Protection system called Green-Jacket. It's an engineered, triple-laminated, high-density, impermeable, one-piece, polyethylene sheet.

Its construction allows the turf underneath to be protected from the harsh conditions of winter. By using either the patented insulated or uninsulated Green-Jacket, the technology will help the turf underneath resist moisture and large temperature fluctuations.

For more information, contact 888-786-2683 or www.greenjacket.com.

Gold Award Winner
Best Trade Publication in Ohio
2003 & 2004

An advertisement for BlueYellow Professional turf. It features a large roll of turf at the bottom. Above the roll are six circular icons with text: "Calibrated Seed and Fertilizer in a Roll", "Rapid Uniform Turf Establishment", "Natural Weed Suppression", "Minimal Risk of Erosion or Leaching", "Fast and Simple Installation", and "Quickly Ready for Play". To the right of these icons are three circular images showing lush green turf, each with the text "Make Green" below it. At the bottom right is the BlueYellow Professional logo and the tagline "The Smartest Way to Make Green."
