FOR SALE

Environmentally Friendly And Biodegradable Turf Supplement

What if you could eliminate your fall aerification?

What if you didn't have to aerify fairways but once every 3 years?

What if all you had to do was deep slice or solid tine to relieve compaction and then spray to achieve thatch reduction and control?

What if less fertilizer was required because nutrients are given back to the plant and soil from the decomposition of the organic matter (thatch)?

What if through the reduction of thatch, less wetting agents were required?

What if a healthy turf required less amounts of fungicides when you sprayed?

WHAT IF YOU used a product to achieve all of the above items and once you reached your desired level of thatch, you required less product to maintain that level?

Greens Brush Mat

The perfect light duty drag mat for gently brushing in top dressing and for before mowing.

A thick 5'x5' natural fiber mat surface that evenly works top dressing into greens or stands grass up prior to mowing for a better cut. Won't damage sensitive greens grass and is flexible for consistent performance on uneven surfaces. A single hook point on either end attaches to the back of most any vehicle in seconds. Delivered completely assembled and ready for use.
