

Golfdom

MAY 2007

VOLUME 63 • NO. 5

What they've got going at the Atlanta Athletic Club is something to talk about.

BY LARRY AYLWARD

26

About the cover

Atlanta photographer Bob Maynard had no problem coaxing Ken Mangum to "say cheese."

A Public Service

Architects and turf consultants can help grow the game by offering their talents to spruce up tattered municipal golf courses.

By Geoff Shackelford

69

May I Help You?

What this world needs now are more people who give a hoot about awesome customer service.

By Ron Furlong

60

Turn For The Better

Frequent fungicide applications at low rates and rotation can keep pathogens from flourishing.

By David Frabotta

Turfgrass Trends

This month, *Golfdom's* practical research digest for turf managers discusses wear and compaction stress on turfgrass, and it explores the best nitrogen source for perennial ryegrass. See pages 75-84.

Getting It Straight

A story in the May issue, "They champion Champion," refers to greens being reseeded with Champion ultradwarf bermudagrass. It should have said greens being replanted with Champion.
