

The Company Line

PRODUCTS & SERVICES

John Deere Golf's HD200 and HD300 Select-Spray turf sprayers are accurate and easy to use, the company says. The sprayers offer flexibility, with a choice of a centrifugal or diaphragm pumps, manual or automatic rate controller and boom options that come standard with an electro-hydraulic lift. More versatile than a single-purpose sprayer, these new sprayers detach (and re-attach) in minutes with no tools. With convenient storage stands, the utility vehicle is free to do other tasks when not used for spraying. An efficient valve bank design simplifies operation and plumbing. *For more information, contact www.johndeeregolf.com.*

GNC Stealth Sprayers feature a sleek design, molded to fit most utility vehicles and trucks. Constructed with reinforced industrial poly material, these units are easily accessible and lightweight, according to the company. Options include:

- 75- or 100-gallon tank;
- 12 volt/16amp 5 GPM pump system;
- standard gas power set-ups; and
- hose reel and hose options.

A complete boom setup is also available with standard boom design or new innovative boomless nozzles, with choice of manual or electrical controls. *For more information, contact www.gnci.org.*

GOLFDOM (ISSN 1526-4270) is published monthly (12 issues per year) by Questex Media Group, Inc., 306 W Michigan Street, Suite 200, Duluth, MN 55802.
