

better turf

NOW is the time to make a careful study of the fertilizing requirements of your course.

This fall lay the foundation for excellent greens and fairways by using Premier Poultry Manure, the natural grass food that hundreds of the country's best conditioned courses endorse without reservation.

Under widely varying soil and climatic conditions Premier Poultry Manure has demonstrated emphatically its permanent value as a builder of abundant, healthy turf.

Write us today for the name of your nearest dealer so you can get prompt shipment of the Premier Poultry Manure you need this fall.

PREMIER POULTRY MANURE

Best for turf because:

- It is a natural grass food and stimulant.
- It is a balanced manure containing 6% Ammonia, 2.50% Phosphoric Acid and 1 to 2% Potash.
- It contains no live weed seeds.
- Being organic it aids humus and aids bacterial action.
- It can be applied with a minimum of labor and expense.
- Being more soluble than other manures it is more available.
- Being finely pulverized, it is quickly absorbed into the soil.
