

*The Super Roller Mower — famous as a cutter of championship greens.*

## Again!

# The Mower for Championship Courses!

Again in 1929, most of the major championship courses are found to be users of PENNSYLVANIA Quality Mowers.

For instance, the greens at "Winged Foot" were prepared for the National Open last month by the PENNSYLVANIA Super Roller Mower—the precision greens cutter shown above. Likewise, at Muirfield, Scotland, where Walter Hagen set a new record in this year's British Open, the greens were Pennsylvania-cut.

At famous old St. Andrews itself, the PENNSYLVANIA is standard greens equipment and, in this country, Baltusrol, Salisbury and East Lake are among the many championship courses using PENNSYLVANIA Quality Mowers.

Write for your copy of attractive new GOLF CATALOG, which illustrates and fully describes the Super Roller and New Aristocrat greens mowers, the "New" Fairway Quint or Trio and the other PENNSYLVANIA Mowers for Golf Courses.

*The Most Skillfully Made Golf Ball in the World*

*This is the Laboratory of the United States Rubber Company at Providence, R. I. — no golf balls are made in this building.*

## SCIENCE—not guesswork builds the "U. S." Royal

**I**N this great Laboratory a staff of technical men is constantly testing materials and methods, constantly checking the actual production of "U. S." Royals.

The "U. S." Royal is a *scientifically developed* ball. Its tremendous distance, its resistance to cutting, its remarkable accuracy are the result of knowledge—not chance. Thousands upon thousands of dollars, countless hours of effort have been put into making it the ball it is today.

It is a better ball because it is *better made, of better materials, by better methods.*

United States  Rubber Company

*Manufacturers also of "U. S." ROYAL TIRES, "U. S." ROYAL HOSE for golf courses, "U. S." SPORT SOLES, "U. S." TIGER and FAIRWAY GOLF BALLS*

# BEAN GOLF SPRAYERS

In handling materials for combating Brown Patch, and for the spraying of liquid fertilizers, Bean Golf Sprayers offer you the utmost in efficiency and economy.

The Bean line of Sprayers and Dusters, nozzles, hose and accessories, is so complete and so designed, that regardless of the amount or kind of work that the greenkeeper has to do, he can find the exact equipment he needs.

Bean Golf Sprayers are equipped with Porcelain lined cylinders, combination plunger packings, clamp style of threadless valves with reversible seats, eccentric drive, and in a great many cases with Timken Roller Bearings.

We can furnish these machines with divided tanks and gauge glasses. All Bean Golf Sprayers have wide tires.

We suggest you ask your jobber for complete information or write to us.

## THE SLOW ROTARY

A Golf Course Sprinkler that is built with precision.

The PERFORMANCE and LIFE of any sprinkler depend upon the ACCURACY with which it is made.

A good sprinkler must be good throughout. Tests and inspections have been devoted to every part and process in building the SLOW ROTARY, thus insuring its durability and dependability.

If sample is desired, please state the water pressure.

## *What I Have to Offer*

True Washington and Metropolitan Strains of Creeping Bent Stolons and Sod and the services of an organization skilled in the development of

# PERFECT BENT GREENS

*Why it should be to your advantage to place your order with me.*

### *Because:*

For the past seven years my selection of Washington Strain has been used on many of the finest courses in the United States and Canada and has proved without exception to be unsurpassed for its fine velvety texture, without nap or grain, and its particular resistance to fungus.

### *Because:*

It makes a firm, uniform turf on which the ball runs true.

### *Because:*

The grass in my nurseries is kept carefully true to type and free of objectionable growth. The stolons are from strong, vigorous, year old plants only.

Shipped shredded ready for planting, with delivery in good condition guaranteed.

WET  
GROUNDS  
KEEP OFF!

Keep grounds  
in play with..Armco  
perforated Pipe..

GROUND can be kept in condition for play except during actual hours of storm, by proper drainage. Drains can be provided that will remove rainfall immediately and without fail.

Club officials and engineers have found in Armco Perforated Iron Pipe a way of increasing the playing hours. Efficient, non-crushable, durable, this sturdy pipe will withstand, without damage, the impact of tractors, rollers and other heavy ground equipment, as well as the tremendous pressures of freezing or swelling soils.

With dependable Armco drainage, when the rain stops, the grounds will be ready for play. Write today for complete information; no obligation.

# A Special Hose for Golf Courses—"U.S." Royal!

**H**OSE used on golf courses gets far more frequent and harder use than ordinary garden hose. Handled harshly, pinched by tractors, scuffed by mowers—such treatment demands a *special* hose.

"U. S." Royal is truly a masterpiece of hose building. It is specially and specifically built for Golf Club service. Made from the highest grade rubber compounds to withstand seasons of service. You will find the "U. S." Royal is the most economical hose your club has ever used.

Special features of "U. S." Royal Hose are: a tough maroon cover to resist abrasive wear, a distinctive "U. S." label and a bright orange band every fifteen feet to protect hose from theft, for "U. S." Royal is *sold only* to golf clubs. It may be purchased direct from the "U. S." Branch near you or through one of your local hardware dealers.

*Free sample and details sent on request.  
Made in 1/4" and 1", double or triple braid.*

**Golf courses**  
 for our great-  
 grandchildren

Our great-grandchildren will thank us for installing pipe in our golf courses that will still be giving dependable service in their day. Cast Iron Pipe does not rust out—it lasts for centuries. Once laid it can be forgotten.

Clow-National Two-Inch pipe is widely used for golf courses. It can be easily and quickly assembled by unskilled labor. We furnish a complete line of fittings for this pipe. Due to its long years of service, it is the most economical pipe system you can install.
