## BETTER FAIRWAYS

*without  
more money*

**Y**OU know what the trouble has always been—you have never had enough fertilizer for your fairways.

Now there's a way to have more fertilizer for your fairways—and without any more money.

In Nitrophoska you get more plant-food for your money than you can get in any other fertilizer. Nitrophoska is three to five times as rich in plant-food as most fertilizers. And, remember, it is the plant-food that your fairways need.

An application of 100 pounds of Nitrophoska per acre is equal to 400 pounds of ordinary fertilizer. And costs very much less.

If you are really determined to have better fairways, you will use Nitrophoska, because it gives more plant-food for the same money.
