

"U. S." ROYAL

"U. S." 444

"U. S." TIGER

FAIRWAY

## This quartet wishes to thank the Pro for its most successful season

The Royal, Tiger, 444 and Fairway make a bow—they take this opportunity to thank you.

*More "U. S." golf balls are being sold this year than ever before in the history of the company.*

You are playing a prominent part in this success—

You have recommended and sold the Royal as a most excellent distance ball. A true-center ball that gives uncanny accuracy on approaches and putting.

Your players have praised the 444 as the last word in "tough-cover" balls. It resists cutting—

yet it gives great distance and putting accuracy.

You have been able to offer something different in markings—*The Tiger*. And it's an extra-distance ball too.

In the Fairway you have been able to offer more golf ball for 50¢ than any other ball made.

You have appreciated our conscientious effort to make these four golf balls better than ever before. Volume of sales verifies that. 1930 is a big year for "U.S." Golf Balls. The support you are giving us is appreciated.
