

The 6-cylinder PENNSYLVANIA Tractor pulling the PENNSYLVANIA Fairway Quin! (Quickly convertible.)

# “New Mowers and Parts . . . \$33.18”

*Reports Overbrook's Treasurer for 1930!*

Using PENNSYLVANIA machines exclusively—on fairways, greens, tees and as trimmers—Overbrook Golf Club, Philadelphia, spent only \$33.18 for new mowers and parts in 1930.

This is a record, particularly for an 18-hole course that is always kept in fine condition, and it reflects credit on everybody concerned. As for the part played by the mowing equipment, we gratefully acknowledge Treasurer H. T. McDermott's letter, in which he says: “Too much praise cannot be given the Pennsylvania Lawn Mower Works for supplying our Green Committee with such high quality machines.”

Write now for a copy of our NEW 1931 GOLF CATALOG, which is yours for the asking.

# MILLER One-Man Hoseless Fairway Irrigation Systems

The Wendell P. Miller Hoseless Fairway Irrigation Systems cost no more than dependable hose construction.

Once installed, this engineering system has the lowest operating cost of all irrigation systems. This explains why golf courses, the country over, are insisting on one-man hoseless irrigation.

## 5 Permanent Advantages from Fairway Irrigation

*Sporting Value*—A perfect lie every time from superior turf.

*Eye Value*—Beautiful green fairways when the surrounding country is burned brown.

*Foot Value*—Superior turf is easy on the feet—like Brussels Carpet—adds pleasure to walking.

*Competitive Value*—Neighboring clubs cannot compete with your club if you have fairway irrigation.

*Maintenance Value*—Makes your greenkeeper's burden a pleasure—gets the most from your fertilizer.

*Unretouched photograph—Miller One-man Hoseless Fairway Irrigation*

*Full information and approximate installation costs without obligation. Simply address*

## DANDELIONS

*CAN be destroyed  
this simple, easy way*

Now the long one-sided fight to keep greens and fairways free from dandelions and weeds is ended. Dan-D-Lion Killer Kemical is a powerful, non-poisonous chemical that penetrates the yard-long dandelion root and permanently kills it. Perfected after three years' intensive research and experimental work by a prominent plant pathologist, at a leading agricultural college.

Easily applied with the Killer-Knapsack. Does not harm soil. Forces decay of weed roots, aiding luxuriant grass growth.

## Strong Vigorous Bent Grass Stolons and Sod!

*True  
Washington Strain*

Unsurpassed for its fine velvety texture, without nap or grain, and particularly resistant to fungus. Developed under ideal nursery conditions, kept true to type and free from objectionable growth. Stolons are from strong, vigorous, year-old plants only. Shipped shredded, ready for planting. Delivery in good condition guaranteed.

A supply of sod, cut to putting green length, is now available for spring delivery.

# Tees

that give you perfect playing conditions . . . and freedom from maintenance miseries!

IT'S only by eternal vigilance and heavy expense that grass tees can be kept in good condition. The job is an almost impossible one for the public and fee courses with heavy play, and for the smaller clubs where tee maintenance expense is prohibitive.

But now

. . . you have the one practical solution to this tee problem, in the *new* **PARATEX TEE MAT**

### Make this test:

Install a Paratex at your tee that shows the hardest wear, or at your practice tee. Note how it stands up—provides firmer footing and altogether better playing conditions. Ask your players what they think of it. See how you have put an end to tee maintenance expense and time.

Then, after you have sampled the benefits of this one Tee Mat, you'll have Paratex Tee Mats on every hole of your course.

The Paratex Tee Mat is a half-inch thick surface of rubber composition that sturdily resists the abuse and wear of spikes, sclafted shots and weather. *It is guaranteed for one season under any condition of play.* The use of patented wood or celluloid tees is provided for by small slots correctly placed in the Tee Mat.

### ONE SEASON UNCONDITIONAL GUARANTEE

*Our simple and certain guarantee is just this: If a Paratex Tee Mat wears to an unplayable point inside a season, we'll replace it without cost to you.*

For sizes, prices and other particulars write us today and start your 1931 season with the best tees you ever had at your course.

**PACKED for Protection—  
Preservation—Identification**

*Now packed in tin canisters, enclosed in strong wooden boxes*

As a means of protection in shipping, assurance of safe arrival of the seed and for protection and preservation when in your storage, as well as for clear identification, hereafter all lots of 50 lbs. or over of Cocoos Bent and Triple A Bent will be packed in tin canisters enclosed in strong wooden boxes, as shown in picture.

## Two Outstanding Bents

### Cocoos Creeping Bent

This is the Bent that has made California greens famous, now in use from Coast to Coast. While Cocoos is botanically known as *Agrostis maritima*, it should be borne in mind that all strains of *Agrostis maritima* are **not** Cocoos Bent. We offer the **true** Cocoos Bent, the finest of the *Agrostis maritima* grasses—over 99% pure.

1 lb. \$2.50, 10 lbs. \$22.50, 100 lbs. \$200.00

### Triple A Bent

This is a comparatively new strain of *Agrostis capillaris* that produces turf of the same beautiful color and texture as Velvet Bent. The seed we offer has been remachined for the elimination of weed seeds and has a purity of over 99%. It has been an outstanding plot at our trial grounds.

1 lb. \$2.25, 10 lbs. \$20.00, 100 lbs. \$185.00

# The FAIRWAY Will Reduce Your Course Maintenance Costs

THE McCormick-Deering FAIRWAY Tractor is the key to successful golf course maintenance. It is an economical mobile power plant that has proved it can efficiently mow the fairways, cut the rough, do construction work, and operate equipment, at a cost much lower than manual labor.

When you consider that from 60 to 75 per cent of your annual maintenance expense is labor cost, it is readily apparent that a great saving can be made by using the FAIRWAY. It pays for itself the first season and it has a long life ahead of it.

One man operating the FAIRWAY and a gang of mowers can

cut from 75 to 100 acres a day. The 7-foot built-in power mower simplifies cutting of the rough. In an emergency, the FAIRWAY can be operated 24 hours a day. It is a flexible unit and its owners say it is the most useful equipment they have.

The FAIRWAY makes a square turn in a radius of 8 feet.

If you want to reduce your maintenance costs this year, now is the time to get a McCormick-Deering FAIRWAY Tractor. The nearest of 115 Company-owned branches in the United States and Canada, or a McCormick-Deering distributor or dealer will be glad to demonstrate it for you. Remember, too, that they are ready to give you prompt, efficient service when it is needed. Write us for information.

INTERNATIONAL HARVESTER COMPANY

Only reliable companies are allowed to advertise in GOLFDOM.

# WEEDS HATE THE NAME

It's no wonder. For 62 years this company has been their mortal enemy. Our plan of battle has been to remove weed seeds from every pound of golf course seed we sell. Because of purity and tested germination, 1145 golf courses now sow Scott's Seeds. Join them in the war against weeds. Your reward will be better fairways—better greens—better golf.

*Write, Wire or Phone  
for Prices on Any  
Variety of Seed*

## Try Turf Builder

"Your 10-6-4 Turf Builder is the greatest grass food for both greens and fairways I've ever used," says Grover Swisher, Findlay, Ohio, Country Club. Many other greenkeepers are equally pleased. Ask us about Turf Builder when you order seed.

## WORM CASTS

on Putting Greens are an unnecessary nuisance. One application of

## ELECTRIC WORM ERADICATOR

quickly gets rid of the worms without any danger of injuring the turf or poisoning the soil. The old reliable for over forty years. Write for full information.

## READE MFG. CO.

165 Hoboken Ave.  
JERSEY CITY, N. J.

## How Can We Help You?

The Club Managers' Association of America is conducted for definite help to clubs and their managers.

Naturally we try to bring to a focus the problems and efforts of managers and clubs and in this work make available much information of value to the golf clubs.

Among the services of the Club Managers' Association each club is invited to employ are:

- Employment Department
- Advisory Service to Club Builders
- Standardized Accounting Forms
- Menu & Price Exchange

When we can be of aid, command us.
