

EDGEWATER GOLF—
one of the fine courses
piped with Cast Iron

*Typical green, Edgewater
Gulf Hotel course.*

Join the fine courses throughout the country that are piped with cast iron and through forever with maintenance and replacement costs. You pay but once for a cast iron irrigation line—it serves for a century. That is why cast iron pipe is the standard material for underground mains. Sizes from 1¼ inches. Address inquiries to The Cast Iron Pipe Research Association, Thos. F. Wolfe, Research Engineer, Peoples Gas Bldg., Chicago.
