

THE COUNTRY CLUB
of Cleveland
one of the fine courses
piped with CAST IRON

11th tee and green.

Courtesy of The Country Club, Cleveland.

Will your fairways look in August as they do in May? Yes—if they are piped with cast iron—the pipe that serves for a century. Once down it stays down—no digging and interruption of play for repairs or replacements. Cast iron pipe is the standard material for underground mains. Sizes from 1¼ inches. The Cast Iron Pipe Research Association, Thomas F. Wolfe, Research Engineer, Peoples Gas Bldg., Chicago.
