

PONTE VEDRA
one of the fine courses
piped with **CAST IRON...**

9th green; Courtesy of Ponte Vedra Country Club.

Ponte Vedra Beach, Florida.

A long dry spell may be a calamity to the farmer but not to the greenskeeper whose fairways are piped with cast iron. And (Budget Committees take notice) the first cost of cast iron pipe is the last cost. It serves for a century. It is the standard material for underground mains. Sizes from 1 1/4 inches. Address inquiries to The Cast Iron Pipe Research Association, Thomas F. Wolfe, Research Engineer, Peoples Gas Bldg., Chicago, Illinois.

CAST IRON PIPE

The Standard Material  *for Underground Mains*
