PAGE FENCE

America's First Wire Fence — Since 1883

KEEPS OUT TRESPASSERS...

ATTRACTS NEW MEMBERS...

STOPS THIEVERY...

PROTECTS TOURNAMENT REVENUES

Since PAGE originated woven wire fence in 1883, hundreds of golf executives have looked to PAGE FENCE for privacy, protection and profits. A large percentage of the nation's courses and tennis courts are now PAGE fenced—protecting against intrusion, theft, vandalism, accidents—safeguarding tournament and exhibition revenues—winning membership good will.

AN ASSEMBLAGE OF SUPERIOR QUALITIES

The name PAGE not only identifies dependable property line protection but it is the symbol of quality that safeguards the investment. Page Winged Channel Posts are stronger and longer lasting. The semi-flat weave makes possible a taut chain link fabric of maximum strength. All parts of the supporting structure are expertly designed and made.

NATIONAL ADVISORY AND ERECTING SERVICE

102 Page Fence Distributors, completely responsible and experienced, are conveniently located and ready to serve you with consultation, estimates and fence erection. Write for name of nearest distributor and illustrated book, "Fence Facts." Address PAGE FENCE ASSOCIATION, Monessen, Pa., or Bridgeport, Conn., New York, Pittsburgh, Atlanta, Chicago, Denver, San Francisco.

IMPORTANT REMINDER

about Clubhouse Maintenance Material

The manufacturing cost of chemicals continues to rise, and shortage of many basic materials is an immediate likelihood.

The C. B. Dolge Company strongly advises its many good customers to anticipate their needs for clubhouse maintenance supplies and, if possible, for next spring's pest control chemicals.

The Dolge Maintenance Manual contains 96 pages of important, helpful facts. It will help you cut costs and save labor. Send for your **FREE** copy today.

lounge. . . . The new clubhouse being constructed at the Greenwood (Miss.) CC is taking definite shape and will be ready for occupancy before Christmas. . . . A fire believed to have been set accidentally by thieves, destroyed the combination garage and tool house at the Parkview CC, Pana, Ill., Sept. 19. The flames caused damage estimated at several hundred dollars, and destroyed not only the building, but considerable course equipment and supplies.

Clarence J. Cohagen, 47, manager of the Rocky Fork CC, Columbus, Ohio, district, the past 15 years, ill for sometime with peptic ulcers, died October 5 in the Mt. Carmel hospital in Columbus. Mr. Cohagen, who at the time of his death was president of the Ohio Valley chapter of Club Managers, succumbed on his 25th wedding anniversary.

A perpetual trophy for the annual GSA golf championship has been donated by the O. M. Scott & Sons Co., Marysville, Ohio. The award is to remain the property of the GSA and

Protect your FAIRWAYS and GREENS against future deterioration by your purchase of WORTHINGTON EQUIPMENT—NOW

Better playing conditions—better fairways, controlled rough and the finest possible greens—at lower maintenance costs—are the objectives of careful, economical club management.

For more than a quarter of a century the Worthington Mower Company has specialized in golf course mowing and maintenance equipment to give millions of golfers all over the country the best possible playing areas. Worthington engineers have developed the 1941 line to its peak of reliable, economical performance.

The Golf Chief tractor with sickle bar and gang mowers is, we believe, the fastest, most economical and complete cutting unit for fairways and rough on the market today. Any Worthington cutting unit fits any Worthington gang mower frame ever made.

The Worthington Overgreen, which has revolutionized the theory and practice of greens cutting, enables one man to cut the full 18 greens of the average course in 5 hours, including travel time between greens. 18 to 22 hours is the usual time required for ordinary hand cutting.

Power and hand cutting green mow-

ers made by Worthington have many exclusive features which put them in a class by themselves.

With a full line of accessories—trailer dump body carts, power sprayers, rotary brushes, gang rollers, snow plows, etc., the Worthington line offers the golf club complete mowing and maintenance service at costs which quickly pay for themselves in increased efficiency and economy.

That's why thousands of golf courses here and abroad, including 77% of the courses on which the British, Canadian and U. S. Open and the U. S. Amateur Championships have been played in the last 15 years, use Worthington equipment.

No matter whether you are planning to buy this fall or not, we believe that Worthington is worthy of your careful consideration at this time. Under present conditions, with Priorities and the needs of Defense staring us in the face, materials and future prices are uncertain. Therefore we suggest that it may be economy for your club to look over the equipment now in use with a view to insuring yourself against future deterioration of your playing surfaces.

Many clubs are buying Worthington equipment now for this future insurance. Some are putting it "in the barn" for just this purpose and in the knowledge that they are buying the most modern, efficient, reliable and economical equipment against the uncertain years to come. May we suggest again that you look over your equipment now and write us for complete, illustrated catalogue as a check against your present and future needs. Do this now and your members will praise your foresight later.

Paddy says:
PLAN NOW
for 1942

America will work hard in 1942!
 But America will also play more
 golf in 1942! Golf is America's
 greatest participating sport — pro-
 viding relaxation and recreation to
 millions of people of all ages in
 every walk of life. Plan now to
 provide modern tee and golf ball
 washing equipment. Be ready for
 the big season of 1942.

LEWIS Paddle-Type WASHER

Just pull up the paddle—insert the ball into the patented slot and with a few strokes the ball comes out sparkling white — an easy logical action. Lewis Washers, at every tee, will enable your players to drive a clean ball every time. A clean ball means: Faster Play, Fewer Lost Balls, Longer Drives, and Truer Putts — all factors contributing to player satisfaction.

Price each \$6.00, 11 or more each \$5.50

SPECIAL TRADE-IN ALLOWANCE

We will allow you \$1.00 for each old washer you now have (regardless of make) on the purchase of a new paddle-type washer—write for details concerning this special allowance.

STREAMLINED BEAUTY

Washer finished ivory enamel—paddle handle red.

TEE ENSEMBLE

The complete tee unit consisting of the Lewis Paddle-Type Washer, Waste Container, Tee Data Plate, Tee Towel and Towel Ring all mounted on Tee Stake. The stake can be set in concrete for permanent installation — individual parts are demountable for "wintering". Price each per complete unit, \$11.00.

BAG RACK

A good looking substantial support for six bags of clubs. Keeps the tee orderly — leaves tee benches for rest and comfort of players. Scalloped aluminum casting set — screwed to a 4½' long galvanized post. Can be set in concrete. Price each.....\$4.75

Multi-Ball Roto Washer

While all aluminum is now diverted to defense purposes we still can supply a limited number of Roto Washers. Washes golf balls as fast as you can feed them into the opening. No gears — simplified construction. Just turn the crank and out they come one after another sparkling clean.

Price each.....\$18.00
 Post for mounting each.\$1.25

Prices quoted are current and subject to change without notice. Also subject to the addition of any taxes levied thereon at any time.

ELIMINATE THE DANGER OF SCALDING IN SHOWER BATHS

STOP unexpected changes in the water temperature

No more slipping on a soapy wet floor while trying to dodge a "shot" of icy cold or scalding water

When you use a shower bath regulated by a Powers safety shower mixer the temperature remains right where you want it. You can really enjoy the thrill of a comfortable shower in absolute safety

Powers mixers cost more—They're worth more. Write for circular 2145. The Powers Regulator Co., 2746 Greenview Ave., Chicago—231 E. 46th St., New York—Offices in 47 Cities—See your phone directory.

POWERS SAFETY SHOWER MIXERS

the Washington D. C. district was played Sept. 14. The Washington pros were ahead of pros comprising the Baltimore team when darkness put an end to the match. Stands did not have many spectators at the 75 cent admission. . . . Pinehurst golfers will provide clubs, free of charge, to soldiers playing Pinehurst courses. Charles A. Warren heads the Pinehurst committee that's gathering and assembling clubs into sets for soldiers' use.

Athletic equipment valued at \$1100 has been given by Washington State Federation Clubs to the Defense Athletic Committee. Club Managers Assn. recommends in its President's Sept. News Letter that all CMAA chapters get into this matter of supplying athletic equipment to boys in the service. . . . Golfers in and around Elbow Lake, Minn., are happy over the recent decision by town officials to build a municipal golf course to be ready for use next year. . . . Mrs. Flora Middleton, wife of the Galen Hall (Wernersville, Pa.) golf professional, Robert Middleton, succumbed October 8 following a heart attack.

MAKE YOUR PLANT-FOOD BUDGET GO FURTHER

Nation's best-known golf courses use Agrico . . . Cincinnati Country Club, for example. Supt. Warren Bidnell says: "Agrico-fed greens stand up better under hard play, bear adverse conditions, make steady even growth, with rich-green color. Agrico gives best results."

USE AGRICO . . . GET BETTER RESULTS AT LESS COST

MAKE a limited budget go further . . . use Agrico Country Club Fertilizers . . . have turf that stands up better under play that gets heavier each year . . . turf with greater disease resistance . . . turf that stands drought better, comes back faster.

Agrico gives you more plant-feeding efficiency per dollar, because it is specially formulated for each different plant-feeding job. One Agrico for Greens . . . another Agrico for Fairways . . . each containing all the needed plant foods, both quick-acting and long-lasting, in just the right proportions for the job to be done.

Use Agrico for better results at less cost. Order from your local Agrico office or dealer, or address below. Let our free Soil Service test your soil and give you full report. Use Agrico and see the money-saving difference it makes.

*There will always
be the Game of Golf!*

THE SPORTS WRITERS have got the old harpoon out for the Country Clubs. The owls and the echoes are going to take the place of the whir of the driver and the hum of the mower.

Well mates, it's a long sad story, but that's exactly what they said about yachting during the last war. Only millionaires could own boats, and as millionaires were out, so were the boats.

But just take a peek at every cove and harbor from Boston to Los Angeles. They're filled with everything from dinghies to cabin cruisers. . . . They are owned by everybody from Bellhops to Bankers.

The game of golf will emerge from this barrage sounder and stronger than ever. It might be a little more conservative, with less emphasis on the dancing and the filet mignon, but there will be guys hired to grow grass, and mowers bought to cut it.

So we say this to you. . . . For 1942 and the next 100 years, Intelligent Courage will always be rewarded.
