Bayer-Semesan Co., Wilmington, Del., announces that a very limited supply of the glass measuring cups for Du Bay fungicides are still available, and may yet be obtained by any greenkeeper at a grass green course who may not have received his cup or whose was received broken. The

cup is something the greenkeepers all over the country are finding very useful, according to J. Hunter Gooding, Jr., sales manager, who advises that requests for cups should be sent promptly to the company at Nemour Bldg., Wilmington, Del., in order to insure getting one of the few left on hand.
