

# MR. GOLF PRO— KEEP 'EM PLAYING

All war-work and no golf makes your members dull patriots. Keep 'em physically fit by keeping 'em playing more golf. Relaxation and recreation are important parts of the all-out program.

Help your members solve their transportation-to-club troubles. Use the phone—arrange definite foursomes—pool cars—save rubber—save gas.

When your present supply of new U. S. ROYALS and new U. S. FAIRWAYS is gone, then fall back on "U. S. RE-PROCESSED" golf balls.

Within governmental restrictions, "U. S." will do its best to keep golf balls rolling.
