Showcase at First Tee Aids Pro Sale

WILLIE KIDD, Interlachen CC pro, has a shop some distance from the clubhouse and off the beaten track. Other pros are in the same fix and they know that there's no chance of getting a pro-shop built for most convenient sales service. They can take a tip from Willie and have built a showcase that can be wheeled to a location near the first tee or at any other strategic merchandising spot.

The Kidd case is 7 ft. long, 2 ft. wide, and 3 ft. 6 in. high. It is mounted on 4 in. rubber ball-bearing casters set to give additional strength to the base of the case.

The case has a glass door in top and glass front in its upper part. It has four drawers for stock. A tilted shelf for display is at the back of the upper section of the case.

This case was made to order for Willie. He's sent blueprints for the job to GOLFDOM where they are available for loan to other pros who want to take advantage of this ingenious idea for making merchandising service convenient to players.

A WAR MESSAGE FROM THE UNITED STATES TREASURY DEPARTMENT

Next to the Stars and Stripes . . .

AS PROUD A FLAG AS INDUSTRY CAN FLY

**Signifying 90 percent or More Employee Participation
in the Pay-Roll Savings Plan**

IT doesn't go into the smoke of battle, but wherever you see this flag you know that it spells Victory for our boys on the fighting fronts. To everyone, it means that the firm which flies it has attained 90 percent or more employee participation in the Pay-Roll Savings Plan . . . that their employees are turning a part of their earnings into U. S. Savings Bonds *regularly*, every pay day, with the goal being 10 percent of the gross pay roll allotted to Bonds. You don't need to be engaged in war production activity to fly this flag. Any patriotic firm can qualify. For facts about the Pay-Roll Savings Plan, write Treasury Department, Section D, 709 12th Street, NW., Washington, D. C.
