

You can still get

U.S. ROYALS

*The Golf Ball
Sensation of the Year*

Best golf ball news you've heard in months!

Can't give you all you want but you can get your share of what we've got.

Part of our production for 1942 was completed before the government's "stop order" was issued.

Our stock of U.S. Royals with the famous oil cushioned center is now being systematically rationed to Golf Professionals and Clubs. Have you arranged to get your share?

See your U.S. Golf Ball representative at once or write or phone the nearest U.S. Rubber Company branch office.
