

New style medicine ball...

Hundreds of Golf Pros, like the Sergeant above, are giving their time and talent to help our men get back to normal

You've heard that new golf balls are being made — you've wondered why some of them haven't reached your shop.

Here's the answer. New "U. S." golf balls are being shipped on government orders to Army and Navy stations throughout the world to help give our boys mental relaxation and body-building exercise.

Golf balls for servicemen have priority. Reprocessed golf balls are being handled as quickly as manpower conditions permit.
