# A Great New Golf Ball

Real rubber thread! Click, feel and dis-  
tance...even better than pre-war. Durable  
"Cadwell-Geer" covers. Enthusiastic re-  
ports and record-breaking demand prove  
the U. S. Royal is a great new ball.

Sorry if they're selling faster than we can  
make 'em. Material shortages and other  
limitations still hamper production. Every  
effort is being made to take care of your  
requirements.
