

With us it's
WHOLE HOG*...

With us, "sold through Pro Shops only" means "sold through Pro Shops only" — and it means *all** Acushnet balls. Always has since August, 1935, and always will.

It does not mean *some* Acushnet balls. It does not mean a certain grade of Acushnet balls. It does not mean a special line of golf balls that, when stamped with another name, will be sold elsewhere.

Therefore, every bit of good will that has been built up for all Acushnet Golf Balls helps *the Pro Shop — and nobody else*. Every line of Acushnet advertising that appears in the national magazines sells balls in *the Pro Shop — and nowhere else*. Every time one player praises an Acushnet to another, he is promoting a sale in *the Pro Shop — and nowhere else*.

Our business is *Pro-Shop-only-business* — every ball, in every grade, at every price, always. Acushnet Process Sales Co., New Bedford, Massachusetts.

*In order to co-operate with the government in furnishing golf balls for their rehabilitation centers, we have accepted orders from the U. S. Army upon their written assurance that all these balls would be shipped abroad for free distribution to the veterans and not be resold. We insisted on this provision before we agreed to co-operate.

SOLD ONLY THROUGH PRO SHOPS

**THE GOLF NEWS
IN BRIEF
By HERB GRAFFIS**

Richland GC, Nashville, Tenn., beginning \$250,000 building program. . . . Reid munny course, Appleton, Wis., to have new clubhouse. . . . Quinter, Ks., rebuilding course. . . . Frankfort, Ky., to have 9-hole club. . . . Tecumseh, Neb., reviving its golf club. . . . Madison, S. Dak., organizing golf club. . . . Manzanola, Colo., restoring course after wartime shutdown. Pella, Ia., completes new 9-hole course.

Chet Crowley resigns as pro at El Monte course, Ogden, Utah, because of illness. . . . Clyde Pebley succeeds Crowley. . . . Roger Terpening resigns as Cobleskill (N. Y.) GC pro. . . . New Rochelle (N. Y.) Standard-Star carries illustrated feature on golf of Don, 5-year-old son of Jerry Desio, Gedney GC pro. . . . Harrisonville, Mo., building 9-hole course.

Henry O. Havemeyer, son of T. A., first president of the USGA, resigns as board member of Newport (R. I.) CC after 41 years a director of that club and for most of that time as sec-treas. . . . An-

other unusually long record as a club official is that of Richard Van Nest Gambrill who recently declined re-election after 10 terms as Newport CC pres.

Don Bemish, 40, pro at Newark (N. J.) CC, died recently of a heart ailment. . . . Don was a brother of Walter and Charles, both pros. . . . His widow and one sister also survive him. . . . Don was a grand gentleman golfer whose untimely passing is deeply lamented by many hundreds to whose happiness in golf he cheerfully and generously contributed.

Oak Hills public course, Mobile, Ala., bought to become private club. . . . Extensive improvements are planned. . . . Westlink GC, Wichita, Kan., planning new clubhouse. . . . Gering, Neb., course to be revived. . . . Newton (Ks.) CC to install grass greens. . . . Onawa (Ia.) munny course reopened after wartime shutdown. . . . Houston, Tex., park board considering selling Glenbrook course due to objections to building clubhouse. . . . If Glenbrook's sold park board plans building first class munny course in "same general area."

Kansas City park board and Ed Bruger, supt. of the courses, called in Heart of American Greenkeepers Assn. to discuss improvements on Swope Park course. . . . Fred Grau and O. J. Noer recently made a swing through Oklahoma and Texas holding sessions with greenkeepers, progkprs. and chairmen. . . . Club officials and department heads say the trip of the two was tremendous help to southwestern greenkeeping. . . . Comment received by GOLFDOM from fellows at clubs in territory Noer and Grau visited also forecasts that many USGA memberships will be forthcoming as a result of the Grau and Noer references to Green Section service.

Bill Mitchell, Charles River CC (Boston dist.) supt., who also supervises Race Brook and Springfield clubs and manages

Lake Sunapee turf gardens, applies his navy flight instructor experience by flying his own plane between his jobs. . . . Several greenkeepers have gone into contract lawn maintenance work. Their reported incomes are large enough to make the field look very inviting.

University of Illinois is considering establishing a turf short course. . . . Don Strand, supt., Westmoreland CC, Wilmette, Ill., is chm. of a Midwest Greenkeepers Assn. committee to outline the U of I program. . . . Prof. Lawrence S. Dickinson at Massachusetts State college, Amherst, Mass., is planning a 2 year course in turf maintenance. . . . Registration will be limited to 20.

Everett Hoover, supt., Columbus (O.) CC, in Greenkeepers' Reporter thanks other local greenkeepers for help they gave him in getting his course in fine shape for Columbus invitation tournament. . . . Such cooperation of greenkeepers is seldom realized by tournament players and spectators as valuable backstage factor in many big money events.

Turf short course at Texas A & M was arranged during the trip of O. J. Noer and Fred V. Grau. . . . Mac Hunter, 17-year-old son of Willie, won the national junior championship promoted by Hearst

DAVIS' Grass Seed

In spite of painstaking care and effort, the intense heat of Summer undoubtedly left greens, tees and fairways in a scorched condition. The future of your turf depends on immediate consideration toward Fall seeding requirements. Let Davis' Grass seed rejuvenate your course. We offer a complete line of supplies and equipment. Write us now!

 5440 Northwest Highway, Chicago 30, Ill.

**TIMELY
 TURF TIPS**

Milorganite is the ideal source of nitrogen for greens. They need enough Milorganite to maintain dense turf and minimize dollar spot. Fairways have been generally neglected. Turf improvement should start at the first opportunity. Most fairways are badly in need of fertilizer, many require lime, and on some a weed eradication program should accompany or precede fertilization.

Our Turf Service Bureau and Soil Testing Laboratory are available to those desiring assistance in formulating an effective and economical green or fairway fertilization program.

vented at Musselburgh, Scotland, by a player who put a brass plate on the sole of a wood club to preserve it from injury in playing off the surface of a hard road. . . . James Bruen, first Irishman to win the British amateur in its 61 years, won the event at Birkdale, the same course over which he won the 1936 British Boys' amateur championship.

Success of the national caddie championship at Columbus, O., and the Hearst newspapers' junior championship at Detroit, have aroused interest again in the possibility of an American national boys championship under USGA auspices. . . . Joan Hammond, noted opera and concert singer, is former women's golf champion of New South Wales.

Opinion of gallerites and golf writers at PGA championship generally was that PGA softened event formerly regarded as world's toughest golf competition by eliminating the stymie. . . . Eliminating the stymie took away an exciting feature of match-play and made the PGA hole-by-hole competition less exacting than stroke-play where a stroke loss at any time is an unrecoverable loss. . . . Stymie was ruled out because of star pros' complaint that it introduced an avoidable element of luck. . . . Those who continue to regard stymie

Edward Draper, 19, of Seattle, Wash., won U. S. Sixth Army's tournament at Presidio course, San Francisco, with 297. . . . Sgt. W. H. Ogden and Capt. F. G. Moseley tied for second at 302. . . . Lakewood course at St. Petersburg, Fla., now valued at \$250,000 was offered by the city to PGA in the 30s for \$25,000; \$5,000 down and \$5,000 annually for 4 years, and tax free for 10 years. . . . Ten months after the PGA turned down the deal St. Petersburg businessmen bought the property for \$60,000.

Better check with manufacturers on latest quotations for course equipment and supplies you are budgeting for purchase for 1947 use. . . . Manufacturers are worrying themselves into new crops of ulcers trying to figure out their costs. . . . Another major trouble of manufacturers is inability to get parts. . . . Common tendency of green committees to withhold ordering until next year's committee is appointed may leave clubs out of luck in getting deliveries by next spring. . . . At some clubs supts. are planning to take fertilizer and store it during winter rather than take chances on competing with other users for truck haulage during late winter.

Joseph M. Fungy, 40, who was pro-
