

# QUESTIONS and ANSWERS

- 1- Is Ideal Power Lawn Mower Company's factory now located at 837 State Street, Springfield, Massachusetts, having moved there from Lansing, Michigan, about a year ago, and is it prepared to serve you better in its new home?
- 2- Do Ideal's greens mowers, power mowers, gang mowers and roto-sweepers represent years of experience, and are they expressly designed to conquer all your golf course grass-maintenance problems?
- 3- Can Ideal's dealers help you to improve and speed up your grass cutting and save you money at the same time, and will they explain and demonstrate the advantages of using Ideal's golf course equipment?

**HERE ARE THE RIGHT ANSWERS!** . . . to the questions, and also to your grass cutting problems:

- 1- YES! --- Time-tested, quality Ideal mowers are now being precision-made with modern methods in the same factory with the world-famous Indian motorcycles. Skilled workers, familiar with close-tolerance and high-efficiency production, are turning out super-quality Ideal mowers that answer your demand for the most dependable equipment at the lowest price.
- 2- YES! --- Ideal has several newly-created models and has improved its well-known "old stand-bys", and offers you a wide choice of golf course equipment with the lowest cost for operation, maintenance and service.
- 3- YES! --- You will enjoy talking over your mowing problems with your friendly Ideal dealer. You may safely rely upon his recommendations to help you make the proper selection of equipment to keep your grass areas in perfect condition.

An Ideal machine of many uses around a golf course is the powerful, dependable "Caretaker" mower, which also can be equipped with a revolving brush or a snow plow.

*If you do not know the name of the Ideal dealer in your vicinity, we will be glad to inform you, if you will drop a line to Dept. 93.*

Spike Disc breaks up hard-baked surfaces . . . forms mulch so necessary to retain moisture . . . aerates and cultivates in **ONE** simple operation. By means of a hand attachment the discs may be raised over walks and other hard surfaces, plus an added convenience for storing purposes.

# Rotoflo Power Mowers

Are Champion Club House Grounds Keepers

## Endurance and Power plus Light Weight!

Rotary blades cut a broad, neat swath through tallest, thickest grass and weeds. Unbelievably light, rugged construction makes ROTOFLO easier to handle than hand mowers! Their easy-starting, efficient, aviation type motors supply power *plus*. Years of satisfactory service.

### Other Outstanding

#### ROTOFLO Performance Features:

- Patented aluminum housings; vacuum draws grass erect for cutting, mulchifies clippings.
- Cuts close to walks, trees and walls—eliminates hand trimming.
- Six-wheel suspension prevents scalping or gouging of turf.

### Dependable Hour-after-Hour Operation Without Pampering or Tinkering

Factory-tested and guaranteed motors; no overheating. Safety releases protect both cutting blade and motor from damage whenever obstructions are encountered. No pampering! No tinkering! ROTOFLO Power Mowers provide true *trouble-free performance*.

## 4 MODELS TO CHOOSE FROM

### ROTOFLO Heavy Duty 21

21" cutting width; weight 56 lbs.  
2½ h.p. aviation type motor  
Instantly adjustable floating handle

### ROTOFLO Standard 18

18" cutting width; weight 45 lbs.  
1 h.p. aviation type motor  
Instantly adjustable floating handle

### ROTOFLO Standard 20

20" cutting width; weight 47 lbs.

Floyd Valley GC, Orange City, Ia., rebuilding.

Sam Snead says it cost him \$800 to win the \$600 that he got with his 1946 British Open title. . . He will not play in this year's British Open. . . Columbus (O.) 5 private clubs' membership lists filled and waiting lists are rather long. . . Paul Hornung, Columbus Dispatch sports columnist, says this condition points to need of more private golf clubs in Columbus area even though a "recession" might be in prospect.

## SAVE MOWING TIME and LABOR with a PEERLESS SHARPENER

Keeping fairways and greens neat and trim is a difficult job that can be made easier when mowing equipment is kept smooth-running and sharp. A Peerless Sharpener in your workshop helps simplify the task of keeping your course in top playing condition and saves mowing time and labor as well.

The Peerless, a product of one of the oldest grinder manufacturers in the United States, has been the popular choice since 1909. Precision-built by experienced machinery manufacturers, the Peerless is a lawn mower grinder using a fast cutting grinding wheel . . . puts a keen cutting edge on any type of mowing equipment . . . pays for itself by reducing course maintenance costs to a minimum.

Complete information is available without obligation . . . write today.

## ...WITH DU PONT 2,4-D WEED KILLER

**You save time and labor** when you use Du Pont 2,4-D Weed Killer to clear fairways of troublesome weeds.

Du Pont 2,4-D is highly concentrated in powder form—dissolves readily in water for easy spraying. Kills weed roots as well as foliage. Economical, too—for most applications, use 1 or 2 parts of Du Pont 2,4-D per thousand parts of water.

Effective against white clover, dandelion, plantain and other noxious weeds. Harmless to animals, humans, and most grasses (except bent grass). Non-corrosive; non-flammable.

For weeds in the rough—poison ivy and other woody perennials—Du Pont AMMATE usually kills with a single spot application.

For full information, write Du Pont, Semesan Division, Wilmington 98, Delaware.

Prevent fungus diseases on your greens with easily applied Du Pont TERSAN\* or Special SEMESAN\* fungicides.

# WEED-NO-MORE 40

## AMERICA'S NO. 1 WEED KILLER

**IT'S EFFECTIVE!** The ester formulation of 2,4-D is recognized by authorities as being more effective over a wider range of weeds and conditions than other types of 2,4-D. Weed-No-More is the original butyl ester formulation of this selective weed killer.

**IT'S ECONOMICAL!** One gallon of Weed-No-More 40 concentrate makes 400 gallons of spray, enough to treat two acres. The Weed-No-More's butyl ester formula—plus a special emulsifying agent—makes for better adherence to broadleaved weeds and faster

absorption by the weed plant, thus assuring quicker killing action.

**IT'S AVAILABLE NOW!** Many of America's best-known golf courses, parks, cemeteries, and schools now use Weed-No-More 40 regularly for beautiful weed-free turf. Safe to use—easy to use—assures savings of hundreds of dollars (on many golf courses, thousands of dollars) compared with previously used methods of weed control. Available in 1-gallon and 5-gallon cans, 55-gallon drums.

For full information, phone your local dealer, or write any of the companies listed below.

### Write for Free Movies!
