Weed-free fairway—after 2,4-D treatment

Beats the Weeds on Any Course

FOR SELECTIVE KILL—use Du Pont 2,4-D weed killers. Safe and sure . . . save time and labor. Du Pont 2,4-D weed killers kill dandelions, white clover, plantain and other persistent weeds . . . kill roots and all, without harm to grass (except bent).

Du Pont 2,4-D weed killers are highly concentrated and dissolve readily, even in hard water. They are available in three formulations for your every weed control need.

FOR TOUGH WEEDS—use Du Pont "Ammate." The tougher they are, the more you need "Ammate." One application kills poison ivy, poison oak, sumac, stump sprouts and other hard-to-kill weeds in roughs. Ideal for paths, driveways and tennis courts. Not a selective killer.

Use "Ammate" dry or mix with water and spray it on. Residue is harmless to humans and animals. Non-flammable.

For further information on how Du Pont weed killers can help you keep your course free of weeds, ask your golf supply house or write the Du Pont Company, Semesan Section, Wilmington 98, Delaware.

"Ammate" is a reg. trade mark of E. I. du Pont de Nemours & Co. (Inc.)

BRADLEY SHOWERS Require Less Space

Bradley Multi-Stall Showers are the answer to sanitary shower facilities for clubhouse, fieldhouse, and gymnasium. These compact shower units not only help you make best use of limited space but they save you money as well. One Bradley 5-Stall requires only 3 plumbing connections in comparison to 15 needed for 5 "single-stall" units. Water consumption is also cut and hot water costs reduced.

Bradleys are easily and quickly installed, too, since they come partially assembled and can be located on any kind of floor including wood. Write for illustrated Catalog 4701 to BRADLEY WASHFOUNTAIN CO., 2359 W. Michigan Street, Milwaukee 1, Wisconsin.

Distributed through Plumbing Wholesalers.
