

freshly cut plant across the sickle bar's full 3-foot width. A baffle plate above the nozzles makes certain that all the weed killing chemical goes down onto the

plants, and prevents spray drift which might damage adjacent crops. Chemicals are carried in a 3½-gallon pressure tank mounted on the mower handle bars enabling the operator to cover a large area at one filling. In addition to weed killing, the new Cunningham unit is said to be highly effective for spraying ammonium sulfamate in the control of poison ivy.

## HAVE YOU RENEWED YOUR GOLFDOM SUBSCRIPTION?

### "Breeze"—New Golf Shoe Insole

U. S. Foot Appliance Corp., Chicago, is marketing a new feather-weight insole of breathing foam rubber which offers com-

fort to players and profits to the pros. "Breeze" insoles come paired in cellophane envelopes, in a variety of sizes for men and women, packed in 2-dozen cartons on the sides of which are featured the merits of the item. They are treated with the Perm-Aseptic process to make

them foot odor proof, germ resistant, mildew proof and to help guard against athlete's foot. Compact carton storage, "see thru" self-selling envelope wrap and good pro profit are in line with pro shop accessory merchandising.

### Ederer Markets Portable Golf Net

Pros who long have bemoaned their players' failure to follow thru on lessons with practice will welcome the news from R. J. Ederer announcing production on their new portable golf practice net. The net is Ederer's answer to pros, and players alike, who have been looking for a net that offered the full range of actual golf shot practice in limited outdoor areas and confined indoor spaces. Composed of four sturdy aluminum frames, 3 ft. wide by 6½ ft. high, strongly hinged together, the net opens to a netted span 10 ft. across; ample netted area for retrieving the inaccurate shots of beginners.

The exceptional light weight (less than 23 lbs.), its ease and speed (2 minutes) of unfolding for play, and its ready adaptation to limited spaces, indoors and out, assure it a wide sale for pro instruction and practice at the club, and a far bigger market for sales by the professionals to their players for home use. Its compactness makes it ideal for practice in back

yards, garages, attics, etc. It folds to 6½ ft. x 3 ft. x 5 in. for storage in its shipping carton.

A professional type golf practice net in its design and construction, with the same quality netting and target back-drop used in their large size "Invincible" golf nets, the new Ederer portable has been tested to withstand continuous use by golf's hardest hitters. Its modest prices promises lively buying interest among golfers everywhere. For pro prices and literature write to R. J. Ederer Co., 540 Orleans St., Chicago.

**Shedrain Golf Umbrella**

Al White, former pres., Oregon Public Links Golf Assn., has brought out a new golf umbrella for the Shedrain Umbrella Co., 1030 S.W. 2d Ave., Portland, Ore. It's a durable and handsome number made of finest grade poplin with a sturdy 16-rib frame and shaft and a 54 in. spread. The alloy shaft eliminates difficulties of opening and closing a warped wood shaft umbrella. The Shedrain golf umbrella is available in multi-colors or plain. Price makes it a strong competitive number. Coast pros who took the early output promptly established the new umbrella as a quickly salable item and they've re-ordered. White is putting the Shedrain golf umbrella on a national sales basis and looking for a few distributors calling on pro trade.

**CLASSIFIED ADS**

Rates: Minimum insertion \$4.00 for 20 words; additional words 20c each. Bold face type, 25c per word. Classified cols. reserved for help or services wanted and for sale of used equipment.

## SWINGING AROUND GOLF

(Continued from page 33)

New owners of Sedgewick CC, Greensboro, N.C., appoint Mgr. Tom W. Gorsuch sec.-treas. . . . Dutch National Open to be played starting July 18 at 72 holes on courses of Hilversum GC, an hour from Antwerp. . . . No entry fee. . . . Yank pros and amateurs with handicaps under 8 invited. . . . First prize 1000 florins. . . . Figure out a florin if you need the money. . . . British PGA membership of about 1,500 considering asking Class A members to put up money for Assistants' championship.

Mexican PGA now has 25 Class A and 20 Class B members. . . . Sports boom on in the Argentine. . . . Yank pros see lots of promise in Argentinian pros and amateurs. . . . Times must be getting normal again as pros are complaining, especially in smaller towns, members are "buying wholesale" again. . . . Bob Lavacek who was Alex Cunningham's asst. at PGA course, Dunedin, Fla., last winter, now on his first master pro job at Silver Lake CC, Rockford, Mich.

Northwood Lodge and golf course, Monte Rio, Calif., in the Russian River area, bought by Julian Langner and associates and being extensively rehabili-

tated. . . . USGA Section Affairs committee in drive to add to USGA's present 1,100 members many of the 3,700 non-member clubs. . . . Robt. Romberger, 2555 Berdan Ave., Toledo, O., getting record entry list of National Lefthanders' tournament at French Lick Springs, Ind., Aug. 16-18. . . . Golf practice range operators in some cities making strong play for kids business. . . . Range operators are reminding parents the driving range is good preventive of juvenile delinquency.

Dr. Thomas Karp Pavlychenko, formerly prof., applied plant ecology, University of Saskatchewan, and prominent authority on weed control, joins staff of American Chemical Paint Co. . . . Driving ranges being constructed at numerous golf clubs for members' evening entertainment as well as daytime practice. . . . Southeastern Turf Advisory committee to work on state legislatures for turf research funds. . . . Many of those lovely Southern homes would look much better with good lawns that will be one result of Southeastern turf research. . . . First issue of USGA Journal contains article by John D. Ames, chmn., Implements and Ball committee, saying rule against club grips having shaft or furrow for fingers will not become effective until Jan. 1, 1949. . . . Ames says gloves having loops or pockets for holding end of shaft are illegal.

# Springfield WINNING FOURSOME

**SOLD BY PROS  
EXCLUSIVELY**

**Pro Model Celcont Woods...**  
consistently "click" on the tee with l-o-n-g, sweet, beautiful drives that go straight down the fairway . . . In rain or shine their Celcont club heads turn in champion performance . . . non-porous . . . with a lifetime "click," Celcont club heads are guaranteed against breakage.

**Medallion Custombuilts...** for greater distance, really belt those l-o-n-g true-approach shots that make "BIRDIES." Thus they prove the value of their Two-Action\* shafts, characterized by separate "control" and "power" zones . . . Four "pro-prescription" shaft models suit the individual needs of every golfer . . . 1. PRO-FLEX for the "heavy" hitter . . . 2. TOURNA-FLEX for the tournament playing amateur . . . 3. CLUB-FLEX for the average golfer . . . 4. MAXI-FLEX for the "light" hitter.

*Springfield* also builds the finest matched clubs, Stainless Steel Heads embodying the old type of shaft, at lower prices.

*Springfield* Medallion and Thunderbolt golf balls . . . with extra tough Codwell-Geer Covers . . . give better performance . . . are sold by pros only.
