Here is the fast modern way to better weed control. Notice how completely the Worthington cuts down weeds—improves the appearance of the entire area.

The Worthington Poynter rotary power mower cuts your rough, weedy areas quickly; efficiently, and does a smooth, clean cutting job on tough, wiry types of grasses. Here is what you can do with the Worthington:

- ☆ Easily cut down weeds four feet high.
- ☆ With its narrow 20 $\frac{1}{2}$  inch overall width you can do close quarter mowing.
- ☆ Cut to within  $\frac{3}{8}$  inch of obstructions.
- ☆ Cut turf at heights of from one to three inches from the ground.
- ☆ Propelled by a sturdy 1 $\frac{1}{2}$  hp. engine, it gives you all the power you need for tough going.

Widely used at parks, cemeteries, institutions, along roadways, fence lines and on golf courses for bunker work and trimming and as an auxiliary mower for miscellaneous cutting jobs.

Worthington rotary disc mowers are available in five sizes with cutting widths ranging from 25 inches to 62 inches. Your Worthington or Jacobsen dealer can give you the full story on these compact, economical power mowers. See him now.

*Now!* quick, positive weed control at low cost

# WORTHINGTON POYNTER ROTARY MOWER

This view shows the simplicity and safety of the cutting unit of the Worthington Rotary Disc Mower. Special locking bolt and nut feature permits blades to turn back under disc if an object is struck.
