SCHILLER-PFEIFFER MACHINE WORKS
2128 EAST YORK STREET • PHILADELPHIA 25, PA.

"We have run our Grinder 9 years without a repair part" says a famous Club.

CARPENTER LAWN MOWER GRINDER

grinds both reels and bed knives

In its 16th season serving the nation's leading golf clubs, the Carpenter Grinder is a marvel of precision, simplicity and speedy work. Study these features. NO OTHER GRINDER OFFERS SUCH A DESIRABLE COMBINATION OF ADVANTAGES.

1. Machine is complete without accessories, no hoist or auxiliary holding device needed.
2. The one cradle holds either reel or bed knife.
3. Accommodates all sizes of mowers including the largest tractor drawn units.
4. Grinds to any desired bevel, following manufacturer's grind.
5. Entire setting and operation is without tools.
6. No mechanical training or grinding experience needed to operate with 100% results.
7. Mechanically RIGHT, extremely rugged. We have plenty of 16-year-old grinders in use today.

BED KNIFE GRINDER

For busy production, use this machine for bed knives and concentrate your Carpenter Grinder on reel work.

RUBBERLOCK

The New Interlocking Rubber Tile

APPROXIMATELY ½ INCH THICK

Unique jigsaw pattern makes solid rubber blocks fit with remarkable snugness

Specially designed to withstand spikes and withstand usage in golf club locker-rooms, dining rooms, pro-shops, etc.

At last, the most modern and practical floor covering yet devised for golf clubs—so soft and pliable, it's like a luxurious rug, yet so tough and durable it withstands golf shoe spikes without a single mark. Rubberlock has been used with complete success by many of the country's leading golf clubs.

Rubberlock is scar-resistant under the most severe usage—is not marred by golf shoe spikes. Golf type Rubberlock is a tough, sturdy, resilient block made of 100% pure rubber. It can be installed wall to wall or in runners of practically any shape or size. A bevelled edge is provided for all sides, thus assuring dust-proof, trip-free edges.

Compare these Advantages:

Provides greater comfort, beauty and economy.

Easy to lay—easy to change or move—reduces installation cost to a minimum.

Sound absorbent and resilient—fights fatigue.

Variety of colors, plain or mixed—ribbed or smooth finish.

Works perfectly on radiant heated floors.

Either smooth or corrugated surface in Green and White, Blue and White, Red and White, Green and Brown, Maple and Beige, Black and White, or plain Black.

Immediate delivery.

Send diagram or blue-print of your floors, or write or wire today for free descriptive literature and sample.

**"AGRICO SOLVED
OUR GREENS PROBLEM"**

**Says HOLLIS A. CURTIS (above),
of Barre, Vt. Country Club**

"SINCE Fall 1946 we have been using AGRICO COUNTRY CLUB FERTILIZER regularly on greens, tees and fairways," writes Hollis A. Curtis, Greenkeeper for 16 years at Barre, Vt. Country Club. "Before using Agrico, we had about 35% winter kill on our greens, due to severe winters. Our greens also dried up in mid-summer and would not respond to any amount of water. *Since using Agrico, results have been startling!* During Summer 1947, a very dry season, we had no drying up of greens. In Spring 1948 for the first time in 16 years we had 3 greens come through without any winter kill, and damage to others was slight. Our Agrico-grown greens now have nearly 3 TIMES the thickness of the turf two years ago."

Remember, Agrico is specially made to feed golf-course turf and feed it right. Order from your regular supplier, phone nearest A.A.C. Sales Office, or write now to The AMERICAN AGRICULTURAL CHEMICAL Co., 50 Church St., New York 7, N. Y.
