

## Camargo Club proves Toro best

TAYLOR BOYD

Twenty-seven years of dependable service prove the quality of Toro mowers at the beautiful Camargo Club, Madeira, Ohio. 350 acres of rolling turf are kept velvet-smooth for golf, skeet and polo.

Taylor Boyd, Supt. of Grounds, writes, "For the entire period of operation, our club has used Toro equipment, which has been economical and successful. Careful consideration is given to the purchase of equipment, and Toro has survived against all competition."

Whether you're looking for a greensmower or an all-purpose tractor, Toro has what you need—and it's built to last! See your nearby Toro distributor today for the machine designed to do the job *right*.

**WHIRLWIND GRASS KING.** High-capacity 31-inch rotary-scythe mower...cuts fine lawn or heavily weeded areas with equal ease...up to 6 acres a day.

**TORO PROFESSIONAL.** Cuts 15 to 20 acres per day with 76" swath. "Out-in-front" reel cuts close. Forward and reverse transmission. 7½ h.p. engine.

**SIGN OF SERVICE...** Toro nationwide facilities give you fast help. For more facts, write: Toro Mfg. Corporation, 3022 Snelling Avenue, Minneapolis 6, Minn.

## Men Who KNOW Specify **MILORGANITE** for Better Turf!

Greenkeeping Superintendents, who know the score when it comes to the successful development and maintenance of exceptional greens and good fairway turf, specify and use more MILORGANITE than any other fertilizer. A carload a year usually takes care of the requirements for a well-kept 18-hole course.

MILORGANITE produces vigorous, healthy, weed- and drought-resistant turf that keeps your Club membership and guests both happy and enthusiastic.

The services of our Agronomists and Soil Testing Laboratory are available for the asking.

**THE SEWERAGE COMMISSION**  
MILWAUKEE • WISCONSIN

rounds at Congressional last year called for caddies carrying a total of 350 tons a total of 128,360 miles in their work at the club.

Crans-sur-Sierre, Switzerland, claims oldest course in Europe ... Built in 1905-06, same time as La Boulie in France, which no longer exists ... Swiss hotel proprietors, finding 18-hole 7100 yd Crans inadequate for golfing tourists' play will open June 1 new 3400 yd. 9-hole course on Lake Moubra plateau, 4990 ft. altitude ... Permission had to be secured from 194 landowners before building the course ... Hawaii's new 6800 yd. 18-hole course designed by Willard G. Wilkinson officially opened ... Loio Palanapa is pro of this new course near Hilo.

"Red" Dennison, pro at Green Acres CC (Chicago dist.) engages John "Jokey" Thomson, former Florida amateur, as asst. ... Southern California PGA annual report presents the sort of detailed financial statement to all members that national PGA might well imitate and give thorough circulation ... Then members would have clearer understanding of national PGA financial problems ... Southern Calif. PGA finished last fiscal year with \$6,705 cash on hand.

Club of Golf Mexico wants to open its magnificent new course with Latin American Open with \$15,000 tournament ...

For the turf that attracts and holds players, more and more Greenskeepers are turning to ROYER. Nothing can compare with a Royer Compost Mixer for providing the perfect blend of uniformly textured, easy to spread compost. If you have been up against the problems of improper soil aeration and compaction, you will appreciate the many features of the Royer. It shreds, mixes, aerates sod, loam, leaf mold, manure and other compost materials ... and Royer users say it effects from 69% to 89% savings in top dressing production. Why not service your turf with the preferred blend ... the ROYER-BLEND. Write for Bulletin 46 for complete details.

## WITH **WORTHINGTON** TRACTORS AND GANG MOWERS

You can cut hours in mowing time and many dollars in labor costs with the right combination of Worthington Tractors and Gangs.

**WORTHINGTON ROUGH GRASS BLITZER** Steep slopes, uneven ground, high, tough grass — the Rough Blitzer eats it up by the acre. Large diameter reel permits wide fly knives to gather in and clip tall growths. Specially designed springs hold cutters down . . . prevent skipping and bouncing on rough ground. Available in 3, 5, 7 and 9-gang combinations with a range of cutting swaths from 7 ft. 2 in. to 21 ft. 2 in.

**WORTHINGTON FAIRWAY MOWERS** With these fast, smooth-cutting gangs, one man handles the fairway mowing of an average 18-hole golf course in eight hours. Flexible unit hook-up of gangs allows each unit to conform to rolling surfaces . . . eliminates skipping and scalping. The Fairway mower is hooked in 3, 5 or 7-gang combinations, giving a width of swath up to 15 ft. 6 in.

**MODEL G TRACTOR** Wherever gang mowers are pulled and large areas are maintained, the Model G has the power, speed and maneuverability to do the job right. With exceptionally low center of gravity and big 40 hp. engine, the Model G works easily on steep hillsides. Short, 5½-ft. turning radius saves time in close quarters.

**MODEL F CHIEF TRACTOR** New design puts the Chief a big step ahead in golf course maintenance work. With driving wheels in front, the Chief utilizes 75 percent of tractor weight for greater traction. Front-mounted gang mowers cut grass before tractor wheels touch it — no streaking due to compacted grass. Driver watches mowers without turning around, gauges distance better, reduces size of overlap.

The Model F Chief also operates the hydraulically controlled Ranger Mower allowing driver to raise gangs for road travel without leaving tractor seat.

*For the full story on Worthington pace-setting equipment, write us or contact your Worthington distributor.*

## Better Clubs Make a Better Golfer

Thirty per cent of men playing Kenneth Smith clubs shoot in the 70s. The national average — all makes of clubs — is only 2½% (according to an impartial, national survey). The reason is easy to discover — Kenneth Smith clubs are handmade to fit your customer's measurements, scientifically matched and all clubs in a set identically swing-balanced. No other clubs are so matched and so balanced.

**Pros: Write for new booklet that helps you sell Kenneth Smith clubs.**

## The Original JERRY GLYNN

### Reversible Golf Jackets

BY WHITEWATER

Unique High Button Neck for Extra Protection.

Elastic Back for Snuggness.

DuPont Zelan Treated.

Wind and Rain Resistant.

## IN NEW COLORS, PATTERNS

For years, golf pro Jerry Glynn has championed better golf wear. The JERRY GLYNN JACKET is his design for extra comfort, free action—for golfing pleasure. It features a new wonderfully comfortable non-binding "Shoulder Swing" Sleeve design that avoids hand or forearm interference.

Reversible crease resistant 100% rayon plaid to a rich 2x3 ply fine combed Pima yarn, mercerized and Zelan treated. Combination Brown Plaid to Plain Putty—with reversible heavy type zipper that's corded on both sides—it's snag proof. Has full box-pleat patch pockets on the outside with tee holders on right side under flap, and slit pockets inside. Also in two-toned colors of Putty to Cream, and Dartmouth Green to Putty.

Order your top-value JERRY GLYNN JACKETS now from nearby distributors listed. Sizes: Small, Medium, Large and Extra-Large. Retail profitably at \$25.00.
